

The Yun Family's Ninth Child is an Imp! Chapter 2195

When the pioneer Sabertooth elephant heard Yun Chujiu's words, it laid on the ground dejectedly. The other three weaklings could not reach here, so naturally, they could not give the pills to it. Wasn't this the same as not saying anything? !

After a while., yun chujiu clapped her hands. "Lord Elephant, I've thought of a good idea! They can't come over, so we can go and look for them! "Take me with you, we can set off now. With your speed, I believe we can find them in less than four hours. At that time, I will ask them to give you all these pills!"

The pioneer Sabertooth elephant stood up and was about to walk out of the cave, but it returned to its original position dejectedly.

Yun chujiu was very smart, she immediately guessed the reason, "Lord Elephant, are you afraid that taking me to find them would violate the rules?"

The pioneer sabertooth elephant growled in a low voice, obviously admitting to it.

Yun Chujiu said with a smile, "Sir Elephant, you are worrying too much! Think about it, the rules only allow you to scare me and keep an eye on me. Have you ever been forbidden from leaving the cave? When we go out later, I will always be on your back. This way, we will never be separated. This way, it doesn't violate the rules!"

When the pioneer Sabertooth elephant heard Yun Chujiu's words, a trace of confusion flashed across its eyes. It seemed that what the little girl said made sense. As long as she and I weren't separated, it shouldn't be considered against the rules.

Yun chujiu saw that the pioneer Sabertooth elephant was a little tempted, she decided to add fuel to the fire. "Lord Elephant, this pill isn't like the herbs on the ground that can be found at any time. This is a rare opportunity, you have to seize it! Think about it, if you don't want the pill that can absorb spiritual energy quickly, then how rare is the pill that can treat injuries..."

After Yun Chujiu made some noise, the pioneer Sabertooth elephant finally made up its mind. Since it did not violate the rules, it could still get a lot of pills, so why not? F * ck!

Therefore, Yun chujiu climbed up the elephant's back along its long trunk, sat on it, and left the cave happily.

The pioneer saber-toothed elephant was very familiar with the terrain here, so it brought Yun Chujiu and ran all the way..

After seeing what had happened, the teachers looked at each other in confusion. How could they play like this?

That pioneer saber-toothed elephant was really strong and simple-minded. How could it be fooled like this? Not only did it let the little girl go, but it also carried her to find its companions?

If that was the case, why would the other teams compete? ! No matter how powerful they were, they would not be faster than team 250. The first place would belong to them!

A teacher asked with uncertainty, “Did that Mo fangcao violate the rules of the test by doing so?”

“Forget it! which rule did she violate? Did we say that examinees are not allowed to talk to demon beasts? Did we say that we are not allowed to bribe Demon Beasts with pills? Did we say that examinees who are hostages are not allowed to leave the cave?”

Everyone shook their heads like rattle-drums. Indeed, none of these were mentioned. That Mo Fangcao was clearly trying to exploit the loophole in the test rules, but there was nothing wrong with it.

At this moment, on the screen, the pioneer sabertooth elephant carried Yun chujiu on its back and had already found Xue Wuji and the other two without any obstruction.

Xue Wuji and the other two were fighting with a level 33 giant-toothed black-spotted pig when they saw their team leader Little Nine riding a huge demonic beast over!

The giant-toothed black-spotted boar was so frightened by the pioneering sabertooth elephant's cry that it almost stopped eating. It didn't care about fighting with Xue Wuji and the other two and ran away without a trace.
