

The Yun Family's Ninth Child is an Imp! Chapter 2196

Xue Wuji and the other two looked at Yun Chujiu who was on the pioneer Sabertooth elephant's back with a dumbfounded expression. Oh God, what was going on?

Didn't they say that their team leader Little Jiu had gone to be a hostage?

They had never heard that a hostage could be so carefree. Why did it seem like the hostage had become the owner?

Was this pioneer sabertooth elephant crazy or stupid? Why was it being used as a mount by this guy?

Before the three of them could regain their senses, they felt a white light flash in front of them. Yun chujiu, this guy, quickly threw a few bottles of pills to the pioneer sabertooth elephant and shouted, "Thank you! See You Later!"

Although this guy had a lot of bad ideas, he still had principles as a person. The promises he made had to be fulfilled.

When Yun Chujiu and the other three regained their sight, they realized that they were already in the Divine Axe Square.

The square was as bright as day. All the teachers stared at them with wide eyes. They were prepared to say that they were all looking at Yun Chujiu.

Yun chujiu smiled and waved at everyone. "Teachers, have you had dinner? If you haven't, I'll treat you to Barbecue!"

The teachers were obviously confused by Yun Chujiu's enigmatic style. They looked at her blankly.

Yun Chujiu did not mind. She happily instructed Xue Wuji and the other two to build a bonfire and start processing the demon beast meat. Not long after, the divine axe square was filled with the aroma of roasted meat.

The teachers really had not eaten dinner. When they smelled the aroma of roasted meat, they could not help but swallow their saliva. Therefore, they took the opportunity to take the roasted meat that Yun chujiu and the rest handed over.

Although they would eat the roasted meat occasionally, it was the first time they had eaten it in the divine axe square. They did not know if it was an illusion, but they felt that the little girl's roasted meat tasted better.

Teacher Pang did not stop them. Eating some roasted meat was not a bribe. Besides, he would not admit that he was craving for it!

Eating and drinking was the best way to build a close relationship. Soon, Yun Chujiu managed to get all eight generations of the teachers present.

Xue Wuji and the other two were standing at the side. They only had one thought in their mind, 'respect'. This person was too talkative. They had never seen her stop talking. Moreover, every time she spoke, she could get to the bottom of the other party's heart. She was truly a monster.

Of course, some of the teachers still had a cold attitude towards Yun Chujiu and the others. It was obvious that they looked down on them.

Yun Chujiu did not mind and continued to treat them with a smile. She was not a spirit stone, so naturally, not everyone would like her. This guy's strategy was to rope in as many as possible. Even if he could not rope them in, it was still good to get to know them.

When everyone was almost done eating, Yun chujiu asked Xue Wuji and the other two to clean up. Then, she tactfully went to the corner to meditate, not affecting the rest of the teachers.

Teacher Pang could not help but secretly nod his head. No matter how good this little girl's spiritual power was, her eyesight was really rare.

Teacher Pang meditated and rested for a while, but because he was the chief teacher, he opened his eyes in less than four hours and looked at the big screen.

The fastest groups were now less than four hours away from the demon beast nest. It was estimated that there would be examinees being sent out one after another after dawn.

Teacher Pang subconsciously glanced at the corner where Yun Chujiu and the other three were. There were only three people left and the little girl was nowhere to be seen.

Teacher Pang was shocked and looked around. When he saw Yun Chujiu, he was so angry that he was amused!

He saw the little girl drooling at the night pearls around the square. However, it seemed that she was a thief with no guts. She was just touching them reluctantly.
