

The Yun Family's Ninth Child is an Imp! Chapter 2198

Diao Shaoyan saw Yun Chujiu's deep and dark eyes, emitting a chilling light, and could not help but take a few steps back.

Before Diao Shaoyan could react, he felt a chill on his neck, and Yun Chujiu's cold voice came from behind him, "If you provoke me again, I will make your head move! If you don't believe me, you can try!"

Diao Shaoyan's legs were slightly trembling, but he still said in a threatening manner, "You, you dare? ! If you hurt me, you will never be able to enter the Xingtian Academy!"

Yun chujiu smiled coldly, "If I can't enter the Xingtian Academy and your life is compared, which do you think is more important? Get lost!"

Yun chujiu put away her kitchen knife and kicked Diao Shaoyan.

Diao Shaoyan was kicked more than thirty feet away and caught by his companion. At least he didn't fall down and embarrass himself.

Diao Shaoyan's face turned green and white. He wanted to find Yun Chujiu to settle the score again, but his companion stopped him. "Jing tie, forget it! If the matter gets out of hand, you will be punished too. We will find a chance to deal with her in the future."

Diao Shaoyan gritted his teeth and cursed a few times. Then, he followed his companion to the other side to meditate.

Although the dispute between the two was not a big one, it was still noticed by someone with a heart. Teacher Pang was one of them.

He could not help but be a little surprised. That examinee was at the fifth level of the spiritual profound realm, while Mo Fangcao was only at the sixth level of the spiritual venerable realm. How could he have suppressed that examinee in an instant? Wasn't this movement technique too fast?

This little girl had many secrets hidden! I wonder what kind of spirit root she has. From the looks of it, she should have a fire spirit root.

After the second round of tests ended, teacher Pang walked up to the high platform and announced the contents of the third round of tests:

“The third round of tests will still be conducted in groups. Every two groups will compete for a spot to enter the next round of tests. Whichever group is the first to arrive at the designated location and obtain the token will be considered to have won. However, all four people must arrive before it will be effective.

“In addition, the two teams are not allowed to fight. If they are discovered, both teams will be eliminated. “This round of the test is still prohibited from flying and using talismans. Now, competitors will be randomly assigned.”

Yun chujiu could not help but sigh in her heart. This Heaven Punisher Academy really had many tricks up their sleeves. It was quite interesting! However, she did not know which unlucky team was going to fight with them. It was considered unlucky for them to run into team leader Little Nine!

Xue Wuji soon found the group that was going to fight with them on the big screen — the tenth group. Although this guy was also fearless, he couldn't help but feel nervous, the tenth group was ranked in the top five of these groups, but they actually ran into them! F * ck, they were really unlucky!

Jin Zhi and Mo Fangbing didn't look too good either. If they ran into a group with similar strength, they could still fight, but the tenth group's strength was much higher than theirs.

Among the four people in the tenth group, two of them were at the seventh layer of the Ling Xuan realm, and two of them were at the sixth layer of the Ling Xuan realm. On Yun Chujiu's side, Xue Wuji was at the first layer of the Ling Xuan Realm, Jin Zhi was also at the first layer of the Ling Xuan realm, and Mo fangbing, who was slightly better, was only at the second layer of the Ling Xuan realm, there was also Yun Chujiu, who was at the sixth layer of the Spirit Paragon realm. No matter how one looked at it, she had no chance of winning.

Compared to Xue Wuji and the others who were dejected, the four people in the tenth group were extremely proud. They felt that it was too easy to take down this useless group.

The leader of the tenth group was called Liang Hong. He walked in front of Yun Chujiu and the others and said arrogantly, "Anyway, you have no chance of winning. You might as well just forfeit! This way, you will suffer less."
