

## The Yun Family's Ninth Child is an Imp! Chapter 2205

Yun chujiu looked at the four level 35 bloodthirsty wind blade wolves in front of her, she was so angry that she cursed, "F \* ck! It's already difficult to deal with one, and now there are four of them. This is purely because they don't want us to pass the test! who exactly designed this stupid test? It's Too Shameless!"

The teachers were also not calm. This was not right! When they were designing, there were always individual demon beasts appearing. Why did four demon beasts suddenly appear this time? Moreover, they were of such a high level of spiritual power?

Could it be that there was a loophole in the array formation?

Teacher pang frowned, "Teacher Wen, go to the array formation immediately and take a look. Is there a problem with the array formation? Why are there four high-level demon beasts? If it's a problem with the array formation, let them solve it immediately."

Teacher Wen agreed and left quickly. In his heart, he was also biased towards Yun Chujiu and the others. He wished that he could fly to the array formation immediately.

Teacher Wen sprinted all the way to the array formation and explained the matter. The few teachers in charge of the array formation quickly checked. Then, they discovered a surprising, happy, and helpless fact — the array formation had given birth to a Qi ling!

Although the general direction of the array formation was still under their control, the Qi Ling was able to adjust some details on its own. In other words, the people at the array formation were also powerless when it came to what Yun Chujiu and the others had encountered!

Teacher Wen ran to the divine axe square dejectedly and told everyone what had happened. A thought immediately flashed through everyone's mind. It seemed that this heavenly spirit root, which was not tolerated by the Heavenly Dao, was actually going to help kill the Qi Ling, this Mo Fangcao's future was really worrying!

At this moment, Xue Wuji and the other three did not fight with the four bloodthirsty wind blade wolves on the screen. That little girl was talking to the four wolves..

"Four wolves, I'm really happy today!" Yun Chujiu said with a smile as if she did not say the curse just now.

The four bloodthirsty wind blade wolves were stunned. Was this little girl sick? Or was she scared to death by them? Wasn't her mental endurance too weak? Little weaklings were indeed little weaklings.

"Lord Wolves, do you think I'm sick? Actually, I'm very normal. The reason why I said I was very happy was that I didn't expect to see so many Lord Wolves who were as imposing as Sky Wolves all at once. To be able to die at your hands, I would die without regrets!"

The four bloodthirsty wind blade wolves were stunned. Sirius? Sirius were ancient demonic beasts, only slightly inferior to divine beasts. were they really like Sirius?

Yun chujiu was very smart. She had interacted with demonic beasts too many times and knew that demonic beasts valued the nobility of bloodlines. Thus, she continued to boast:

“Sirius, although I’ve only seen Sirius’s portrait, I feel that you must have Sirius’s bloodline. Who knows, you might one day activate the Sirius bloodline in your body. When that time comes, you will be the kings of this forest! “Oh my God! “I actually saw four Sirius in one go. I’m really lucky. I’m going to pass out from happiness!”

The corners of Xue Wuji and the other two’s eyes twitched violently. If it weren’t for the tense situation, they would definitely burst out laughing. Little Jiu, your lies are simply endless!

The four bloodthirsty Wind Blade Wolves felt dizzy. Could they really activate the Sirius bloodline in their bodies? This, this, if that was the case, it would be too wonderful!

Alright, the four of them had already tacitly admitted that they had the Sirius bloodline in their bodies. Where did their confidence come from. ! That’s right, this confidence was tricked by Yun Chujiu.
