

The Yun Family's Ninth Child is an Imp! Chapter 2209

Xue Wuji burst into laughter. "Little Sister Jiu, your description is really fitting! You are indeed worse than a beast!"

Liang Hong's eyes were red with anger. He roared and pounced towards Yun Chujiu. "B * Tch! You caused us to lose our eligibility to enter the academy. I'm going to kill you!"

Yun chujiu was not stupid. Naturally, she would not wait to be beaten. With a whoosh, she ran to teacher Pang's side. "Teacher Pang, Help! This person is crazy. He wants to kill me!"

"Stop! Since they have already been eliminated, then let's leave Xingtian Academy! Men, bring them out." Teacher Pang said in a deep voice.

Teacher Pang was very clear about what had happened. Although he felt that Yun Chujiu had suffered some losses, Liang Hong and the other three had provoked her first. Moreover, they weren't strong enough, so they had to vent their anger on others. Such a person didn't have much potential.

Liang Hong did not dare to disobey teacher Pang's orders. He said to Yun chujiu viciously, "B * Tch, just you wait! From now on, I, Liang Hong, will pay you back double for today's humiliation."

The corners of Yun Chujiu's mouth curled up. "Have a safe journey. I Won't send you off!"

Liang Hong and the other three nearly exploded in anger. What did he mean by have a safe journey? Why did it sound like he was sending himself to his death?

Teacher Pang could not help but shake his head secretly. This little girl was smart, but the light was too bright. It was easy to make enemies. Sooner or later, she would be at a disadvantage.

Forget it. If she could really enter the Sky Punisher Academy, then he would teach her.

At this moment, the examinees were being transported out one after another. Those who succeeded were naturally elated, while those who failed were dejected.

After all the eliminated examinees were brought out, teacher Pang once again stepped onto the high platform, preparing to announce the contents of the fourth round of the test.

Yun chujiu looked at teacher Pang with a smile. This Sky Punisher Academy's Test didn't follow the usual path. She didn't know what the fourth round of the test would be, so she was really looking forward to it!

"The first round tests your temperament. The second round tests your teamwork and trust. The third round tests your endurance and spiritual power.

“The fourth and final round tests your perception. You will be brought to the Xingtian Academy’s Heavenly Dao Cliff. Those who can obtain the Heavenly Dao Cliff’s heritage within ten days will pass the test, and the rest will be eliminated.”

When the examinees heard teacher Pang’s words, they immediately exploded!

“Heavens!!” In the past, they had heard that the Heaven Punisher Academy had a heaven’s path cliff that contained all sorts of inheritances of various sizes. They were all passed down by ancient cultivators. If they were able to obtain one, it would be a double blessing. Not only would they be able to enter the Heaven Punisher Academy, they would also be able to obtain the inheritance.”

“Don’t be happy too early. I heard that not everyone is able to obtain the inheritance. Furthermore, the content of the inheritance is also varied. Some people obtain sword techniques, while others obtain alchemy techniques. Some inheritances are useful, while others are useless.”

“Who cares if they are useless? After all, if one obtains the inheritance, he will be able to enter the Heaven Punisher Academy. I wouldn’t mind even if he were to give me a cooking inheritance.”

..

Yun Chujiu's eyes sparkled as she listened to the discussions of the crowd. Aiyo, there's such a good thing? She didn't know if everyone could only obtain one inheritance. It would be great if they could obtain more than a hundred inheritances!

If others heard this fellow's thoughts, they would probably strangle her to death. A Hundred and eighty inheritances? It wasn't easy to even get one, alright?

Teacher Pang coughed, and the examinees immediately quieted down. Teacher Pang waved his hand, and a teacher instructed the examinees to line up and lead the examinees to the Heavenly Dao Cliff.
