

## The Yun Family's Ninth Child is an Imp! Chapter 2216

"Little Sister Jiu, how are we going to get up there?" "Don't expect anyone to come down and save us. Those people are all afraid of death, and they even said that this is some deep valley of Hell." "I don't think it's a big deal here. Those people probably fell to their deaths." Xue Wuji curled his lips and said.

"An Feng should inform Prince Charming when he hears the news. They will come and save us. But Prince Charming might not be able to escape, and it will take some time to get here, so we'd better save ourselves."

Yun chujiu frowned when she said this. "Brother Wu Ji, besides, I think there must be something strange down here. These people can't all have fallen to their deaths. There might be something scary down here. "Moreover, I don't know what damn thing sucked me down. There must be something down here."

Jin Zhi nodded. "What little jiu said makes sense. Even if the people up there fell to their deaths, what's with the bones of these demon beasts? So there must be something dangerous here."

"Alright, what you guys said makes sense. What should we do next? Wait here for Di Beiming to save us?"

Yun chujiu stretched her neck and looked around, "Let's go somewhere else. Maybe there's another way out."

Therefore, the three of them carefully walked forward.

Although there was a thick cloud in the air, the visibility of the valley was not bad. It was lush and green. If there were no thick bones on the ground, it was no different from an ordinary valley.

The valley was narrow and long. The three of them had walked for nearly two hours, but they did not encounter a single living creature.

Jin Zhi said with a slight tremble, "How is it? I told you there was something strange down there, right? Maybe there are powerful high-level demon beasts or evil cultivators here."

Yun Chujiu's eyes were sparkling. "Beauty Jin Zhi, this matter needs to be looked at from two sides. Maybe there is a great treasure down there! Oh right, brother Wuji, what inheritance did you get?"

Xue Wuji immediately straightened his back, he said smugly, "I got a cultivation technique with mutated wind spirit root. The cultivation technique I used to cultivate was only mid-grade earth rank, but this is a high-grade heaven rank cultivation technique. "Sister Xiaojiu, in time, I will soar to the sky. When that time comes, I will beat up anyone who bullies you."

Yun chujiu was happy for Xue Wuji, she could not help but mutter, "All of you have received the inheritance. Even that Diao Shaoyan has received the inheritance. Why am I the only one who has not received the inheritance?" It was not easy for her to see through the trick. She did not expect to be sucked down. Damn it, if I know who is behind this, I will kill him!"

The three of them chatted as they walked. The sky gradually darkened. Yun Chujiu was a little hungry.

Yun chujiu looked around. Other than the lush vegetation, the ground was completely covered in white bones, so she said, "Brother Wuji, move these bones away. We'll sleep here tonight."

Xue Wuji nodded and used his spiritual power to move the white bones on the ground away.

It was unknown when these white bones were left. After clearing one layer, there was another layer below. Xue Wuji cleaned it for a long time before clearing out a small area.

Yun chujiu frowned. "Brother Wuji, this is too slow. I might as well burn a part of the plants!"

As Yun Chujiu spoke, she released Xiao Heiniaoyao and had it spit a fireball at a plant not far away.

What the three of them did not expect was that after the fireball burned, a sharp cry came from the entire valley. The plants in the valley began to grow crazily.

The plants that originally looked normal grew sharp thorns on their leaves and stems and spread toward Yun chujiu and the other two.
