

The Yun Family's Ninth Child is an Imp! Chapter 2219

Xiao Hei's digging speed was very fast. In less than two hours, he had dug a cave that was enough for three people to live in.

The three of them climbed into the cave and finally let out a sigh of relief. This time, the demonic plants had no way to attack them.

This also provided a way for everyone to escape. As long as Xiao Hei dug out a hole, they could climb up the stone steps.

However, considering the height of the valley from the cliff, this was a long process. It might take a few months to complete. Moreover, there might be the danger of falling during the climb.

However, no matter what, they had finally found a way out.

After discussing, the three of them decided to wait here for five days. If di beiming did not come to save them after five days, they would let Xiao Hei rat dig a hole.

Sleepiness gradually came. Xue Wuji was on guard at the entrance of the cave while Yun Chujiu and Jin Zhi fell to the ground and fell asleep.

After daybreak, Yun Chujiu and Jin Zhi were on guard. Only then did Xue Wuji lie down to rest.

Yun chujiu squatted at the entrance of the cave and looked down.

Perhaps it was because of the day, the demonic plants had returned to their normal plant form, as if the attack from yesterday had never happened.

Yun Chujiu's heart skipped a beat. When they had just fallen, the demonic plants did not attack them either. Perhaps these demonic plants would only attack when the sky turned dark.

In order to verify her thoughts, Yun Chujiu jumped to the ground and released a wind-blade rabbit from the Great Void Mystic Realm.

The wind-blade rabbit was clearly confused. Seeing the plants in front of it, it hopped and ran towards them.

When the wind-blade rabbit hopped on the White Bones, the demonic plants did not respond. It was not until the wind-blade rabbit approached the demonic plants and wanted to eat them that the demonic plants attacked.

The attack power of the demonic plants had decreased a lot compared to last night. This proved that Yun Chujiu's idea was right. The attack power of the demonic plants was greatly weakened during the day, so they would not take the initiative to attack.

Yun Chujiu touched her chin. In that case, she could take advantage of the day to explore the situation ahead. At worst, she could let Xiao Hei dig a hole in the cliff wall at night.

When Xue Wuji woke up in the afternoon, Yun Chujiu told Xue Wuji and Jin Zhi about her idea. The two of them completely agreed. Rather than waiting passively, it was better to explore the front, since they already knew the weakness of the demonic plants, they would not be at a disadvantage.

Therefore, the next morning, the three of them ate breakfast and jumped down from the cave. They tried to walk forward for a distance, but the demonic plants did not respond.

The three of them continued to walk carefully until they reached the end of the valley in the afternoon.

There was actually a cave at the end of the valley. There were still no demonic plants growing near the cave. The three of them hesitated. Should they go in or not?

Yun Chujiu took out a wind-blade rabbit from the Great Void Mystic Realm and drove it into the cave.

The three of them listened carefully, but there were no screams.

After a while, there was still nothing unusual. The three of them then walked into the cave.

The temperature inside the cave was slightly lower than the temperature outside. Fortunately, the three of them were all cultivators, so they could withstand it.

Yun chujiu took out the luminous pearl to illuminate the cave. She found that the deeper they went into the cave, the wider it became. What interested Yun chujiu was that there was a kind of wet liquid on the walls and the ground in the cave, this could explain why there were no demonic plants here.
