

## The Yun Family's Ninth Child is an Imp! Chapter 2223

Just as Yun Chujiu was puzzled, she heard a shrill scream coming from outside the cave. It seemed to be coming from the demonic plants, and there were quite a number of them. Otherwise, it would not have reached the depths of the cave.

Yun chujiu frowned. Could it be that the pool was connected to the outside? Was it the reduced liquid that killed the demonic plants?

At that moment, the liquid in the pond began to decrease rapidly. Yun chujiu and Xue Wuji swam ashore to watch the scene just in case.

Two hours later, the screams outside gradually disappeared. The liquid in the pond had also dried up. Even the liquid on the walls and the ground had completely disappeared.

At that moment, Yun Chujiu was surprised to find that there were many holes in the bare ground.

Yun chujiu immediately had a guess. Those holes should be the roots of the flower from before. Those roots were connected to the demonic plants outside.

The demonic plants outside were probably the subordinates or descendants of the flower. They absorbed nutrients and were responsible for feeding the flower. The flower had restrained the liquid in the pool, and both parties had reached a delicate balance.

Now that the flower was dead, the liquid in the pool had no more worries. Naturally, they had to eradicate all the demonic plants outside. They would follow the holes and corrode the roots of the demonic plants, this could also explain why the liquid in the pool was rapidly decreasing.

Yun chujiu and Xue Wuji did not find anything unusual. After waking Jin Zhi up, the three of them left the cave.

Jin Zhi shook her head. "Little Jiu, why do I feel like I'm having a dream? It seems like I don't know anything after seeing that flower."

Yun Chujiu was amused. "You were controlled by that flower, so naturally, you don't know anything. Let me tell you what happened..."

Yun chujiu briefly recounted what happened. Jin Zhi was shocked and scolded the flower, she could not help but exclaim, "The Heavenly Thunder Spirit Root and the mutated wind spirit root are extraordinary. They are not bewitched. I, an ordinary person, can't do it."

Yun Chujiu was stunned. That's right. Since Wu Ji's brain would not be easily bewitched, why did he fall into the illusion formation a few days ago?

Now was not the time to ask. Yun chujiu temporarily put the matter aside and prepared to ask Xue Wuji again when she had the chance.

The three of them went out of the cave to take a look. As expected, the lush demonic plants had all disappeared, leaving only a large area of exposed soil.

Yun chujiu looked at the stone wall beside her, she could not help but be delighted. "Brother Wuji, Jin Zhi, the liquid on it is much less than before. I reckon that it will completely dry up before long. At that time, we can use sticky threads to climb up! This is great!"

Xue Wuji and Jin Zhi were also extremely excited, xue Wuji suddenly frowned. "Little Sister Jiu, although it's a good thing that we can climb up, you didn't obtain the inheritance of the Heavenly Dao Cliff. If we go up, how will you deal with it? "If you can't enter the Xingtian Academy, I won't go up either."

"Yes, I won't go up either. Let's go apply for the vast sea sect," Jin Zhi echoed.

Yun Chujiu touched her chin. This was really a problem. It was such a pity to give up the opportunity to enroll. How could she muddle through?

Yun chujiu rolled her eyes. Something wasn't right. She didn't jump down by herself. She was sucked down! It definitely wasn't that flower. If that flower had such great ability, it wouldn't have been killed by them in the end. What the hell sucked her down?
