

## The Yun Family's Ninth Child is an Imp! Chapter 2226

Heaven Dao Cliff was so angry that he almost collapsed. Where did this monster come from? ! She was really too abnormal!

If he had known that she was so abnormal, he wouldn't have passed the inheritance to her. Why did he have to kill her? !

Although she killed that poisonous flower, she was even more poisonous than that poisonous flower!

"You, what benefits do you want?" Tian Dao Ya gnashed his teeth and said.

"With your poor appearance, what benefits can I ask you for? Besides, I'm not a greedy person. How about this, you pass on to me all the inheritances related to alchemy, Talisman, Array Formation, Beast Taming, weapon refining, and the cultivation of Heavenly Thunder Spirit Root. I'm not greedy!"

The cliff of Tian Dao trembled with anger. You're really shameless!

How could you not be greedy?

Alchemy, Talismans, array formations, beast taming, weapon refining, heavenly thunder spirit root cultivation inheritances?

Tell me, other than these, what other inheritances are there? !

Tian Dao cliff finally calmed down. He resisted the urge to strangle Yun chujiu and said, "Each person can only receive one inheritance. You can only choose one."

"One inheritance?"? Are you kidding me? Since you're so unethical, there's nothing more to say! I think it's better for me to let you become Wang Ba Ya to vent your anger! Wang Ba Ya, Hehe, isn't it very interesting?"Yun chujiu bared her little white teeth and said.

Interesting?

Interesting your big head ghost!

You're a pervert! You're a monster!

No wonder it was the Heavenly Thunder Spirit Root that the Heavenly Dao couldn't tolerate. It was indeed a bastard who bullied the cliff. SOB SOB, wasn't that Trash's nine Yin Netherworld flower very

cocky? How did it end up being killed by this smelly girl? And it was the kind that was completely dead, trash!

The Heavenly Dao Cliff Cursed Yun Chujiu in its heart a few hundred times. However, when it thought about how the dignified Heavenly Dao Cliff was scolded as a Wang Ba Ya, it was really too embarrassing, it could only clench its teeth and say, "At most two inheritances. If you are not satisfied, if you are willing to curse, then go ahead!"

Yun chujiu blinked her eyes. She knew that this was the bottom line of the Heavenly Dao Cliff, but how could it be so easy. ! Two inheritances were fine, but there were additional conditions.

"Sigh! I'm the softest person. Since you've Said So, I can't make things too difficult for you. Two inheritances is fine! "Give me a heavenly thunder spirit root immortal level cultivation technique and give me a talisman immortal level inheritance. This matter will be settled, and I won't pursue the matter anymore!"Yun chujiu sighed and said.

Tian Dao cliff didn't say anything for a long time because he was so angry that he was speechless!

You really dare to ask for it!

Two immortal rank inheritances? Why Don't you go and snatch it? !

“Hey! Are you silently protesting or acquiescing by not saying anything? If you don’t give me an answer, I won’t give you a chance! Wang Ba Ya, Hehe, just thinking about it is interesting. It will definitely spread throughout the entire immortal origin continent...”

Threat!

This was a blatant threat!

Tian Dao Ya was terrified. It squeezed out four words from between its teeth, “I Promise You!”

Yun chujiu pouted. “Why didn’t you agree earlier? You wasted so much time. Send us up quickly and give me the inheritance. If you dare to lie to me, I won’t kill you!”

The Heavenly Dao Cliff had no choice but to send the three of them to the open space opposite the Heavenly Dao Cliff.

A thought flashed through the Heavenly Dao Cliff’s mind. It wanted to throw Yun chujiu to her death, but if it thought that it could throw her to her death, then it would be fine. If it couldn’t, then this wretched girl would never stop. It was better to forget about it!
