

The Yun Family's Ninth Child is an Imp! Chapter 2228

Xue Wuji bowed to teacher Pang, then, he said, "Teacher Pang, after Jin Zhi and I jumped into the deep valley that day, we realized that it was forbidden to fly down there. Fortunately, we were quick-witted and stabbed the sword into the stone wall beside us, slowing down the speed of our descent. That was how we managed to save our lives.

"After we landed on the ground, we realized that little sister Jiu was meditating. It turned out that she had fallen into the deep valley after receiving an inheritance. "It's possible that she was protected by the Heavenly Dao Cliff, so she wasn't injured."Xue Wuji gave a simple explanation based on what Yun Chujiu had taught him.

"It's great that both of you are fine! What about Jin Zhi and Mo Fang Cao Ren?"

"After we were teleported up by the Heavenly Dao Cliff, it's possible that the Heavenly Dao cliff felt that they owed little sister Jiu something, so they passed on another inheritance to her. She's currently receiving the inheritance, and Jin Zhi is protecting her."Xue Wuji lied through his teeth.

Teacher Pang was both shocked and excited. "Two inheritances? Heavens! This heavenly spirit root is indeed extraordinary! They actually obtained two inheritances!"

Teacher Pang felt that this matter was of great importance. Coincidentally, the opening ceremony had just ended, so he reported this matter to Dean Gongsun Of the Sky Punisher Academy.

Dean Gongsun and the others were also shocked when they heard this. Didn't they say that each person could only obtain one Heavenly Dao Cliff's inheritance? How did this Mo Fangcao obtain two inheritances?

Thus, the dean, teacher, and the others followed Xue Wuji to the Heavenly Dao Cliff.

When they arrived at the Heavenly Dao Cliff, they saw a little girl sitting cross-legged on the ground and meditating. Beside her stood a girl. It was the same Jin Zhi who had jumped off the cliff with Xue Wuji that day.

Naturally, they didn't want to disturb Yun Chujiu while she was receiving the inheritance. Thus, they called Xue Wuji and Jin Zhi to the side and carefully asked about what had happened.

"What's the situation at the bottom of this deep valley?" Dean Gongsun asked.

"There's a thick layer of white bones on the ground below. There are cultivators and Demon Beasts. In addition, there's a large area of bare land. It seems that plants once grew on it.

"In addition, we also found a cave, but it was empty. There was only a dry pool, nothing else," Xue Wuji replied respectfully.

After hearing Xue Wuji's words, everyone immediately began to discuss.

"If it was only a flight ban, then since these two students were able to safely land, those mighty figures should have no problems. Then why did they die?"

"It's possible that there were powerful demonic beasts in that cave. Those cultivators and demonic beasts were killed by it. It's likely that their souls were scattered for some unknown reason."

"I actually think that this problem might have appeared on the exposed land. Perhaps demonic plants once grew there."

..

Although the discussion was very lively, no one wanted to go down and take a look! What a joke. If they were unlucky and really fell to their deaths, wouldn't they be extremely unlucky? !

However, there were also different voices saying, "This Mo Fangcao said that she obtained two inheritances. This claim is without proof. How can she prove it? Perhaps she made it up to obtain the qualifications to enter the school."

“That’s right. This matter is too strange! She obtained two inheritances at the same time? How is this possible? ! I feel that this little girl is most likely lying.”

Teacher Pang felt that Yun Chujia would not lie, so he said in a deep voice, “How would a little girl like her dare to tell such a big lie? ! When she finishes her inheritance, we will interrogate her and find out.”
