

The Yun Family's Ninth Child is an Imp! Chapter 2230

As expected, when everyone heard what Yun Chujiu said, they immediately lost interest. After all, none of them had heavenly lightning spirit roots. As for the Earth grade middle-grade talisman inheritance, it wasn't anything special. It was probably the Heavenly Dao Cliff's compensation to her, so this grade was very average.

Everyone asked a few more questions, and Yun chujiu answered them "Truthfully".

Dean Gongsun saw that there were no objections, so he said to an old man with a goatee, "Instructor Tian, you are the chief instructor of the first grade. I'll leave these three students to you."

Dean Gongsun turned around and left Tiandao Cliff. The other instructors also had their own matters to attend to, so they all left.

In the end, only instructor Tian and the three first grade instructors were left.

Teacher Tian glanced at Yun Chujiu and the other two, then looked at the three teachers. "Which one of you is willing to accept these three students?"

One of the bald teachers said, "The students in our day class are the best. Only that Xue Wuji is passable. I'll take him. As for the other two, forget it."

The other thin and tall teacher smiled and said, "Teacher Zeng, there are many talented students in your class. Give this Xue Wuji to our month Class!"

The bald teacher Zeng curled his lips and said, "Old Yu, since you said so, then I'll give this Xue Wuji to you!" "However, I have to remind you that although he has a mutated wind spirit root, his starting point is too low. He won't be able to catch up with the students of our class of the day in less than three to five years."

Teacher Yu said with a slightly ingratiating tone, "That's right. How can the class of the day be compared to the class of the month and the class of the Stars? ! Teacher Dong, don't you agree?"

When a skinny man heard teacher Yu's question.., he snorted coldly, "HMPH, why should all the good things be taken by the two of you? You took away the good ones and left me with two good-for-nothings? If you want them all, you have to go. Otherwise, don't take any of them."

The Moon class's teacher Yu's expression also became a little ugly, "Teacher Dong, you don't have to be so sarcastic! The academy has arranged for you to be in charge of the Star class. If you have any grievances, go look for the Dean! Besides, Xue Wuji's aptitude is already better than the other two. So what if our Moon class wants him? Those two good-for-nothings should have belonged to your star class."

"Don't try to be a good-for-nothing! Don't think that I don't know how you became the teacher of the last Moon Class!"

“Dong Hanyuan, you’re slandering me!”

..

Yun chujiu watched coldly from the side. None of the three instructors were good teachers. Chief Instructor Tian didn’t look like a good person either. The days in Xingtian Academy must be very interesting!

Yun chujiu winked at Xue Wuji. Xue Wuji coughed dryly and said, “Two instructors, the three of us want to be in the same class. Whichever instructor agrees to accept the three of us, I’ll go to that class.”

Teacher Yu from the Moon class frowned. “Xue Wuji, your aptitude is much better than the two of them. Don’t Ruin Your Future.”

Teacher Dong from the star class said smugly, “Teacher Yu, don’t waste your breath. The three of them are friends who have gone through life and death together. Naturally, they won’t be separated. “If you can’t accept all of them, these three will belong to the Star class.”

Teacher Yu thought for a moment and felt that it wasn’t worth it to accept two more trash because of Xue Wuji, thus, he sighed and said to Xue Wuji, “The atmosphere in these different classes is very different. You’ll definitely regret it. You’re really acting on Impulse!”

Xue Wuji smiled and didn't say anything. So what if it was the day class or the month class? ! Gold would shine wherever it went. Just wait and see!

Seeing that the matter had been settled, teacher Tian did not say anything and just left.
