

The Yun Family's Ninth Child is an Imp! Chapter 2236

Yun chujiu continued to beat him up. "Beat him up! We've already deducted 200 points, so it's worth it! Let's see if he still dares to be snobbish in the future. Let's see if he still dares to pretend to be a big shot in the future!"

The onlookers were stunned!

How could he do this? This was too cruel!

After a long while, instructor Liu finally reacted and shouted, "Stop! Stop!"

Yun Chujiu and the other two finally stopped fighting. Teacher Zhang was obedient this time because he had already fainted from the beating..

The reason why Yun Chujiu gave teacher Zhang a good beating was partly to vent her anger and partly to relieve the pain points that she had just touched, so as to avoid any trouble.

Teacher Liu looked at teacher Zhang, who was beaten into a pile of mud, and his eyes twitched, but he didn't know what to say. Mo Fangcao was right. Two hundred points had been deducted anyway, so the beating would be in vain.

Just as teacher Liu was about to ask a few guards to expel Yun Chujiu and the other two.., yun chujiu said, "Teacher Liu, according to the Academy's rules, if a student contributes to the academy, they will be rewarded with corresponding points, right?"

Teacher Liu was stunned. "There is indeed such a rule. What do you mean?"

"Teacher Liu, the three of us have made a huge contribution to our Xingtian Academy. I think according to the Academy's rules, we should be rewarded with at least a thousand points each," Yun Chujiu said with a smile.

Teacher Liu frowned. "A huge contribution? You guys just entered the academy today. What huge contribution did you guys make?"

"Teacher Liu, the three of us have discovered the true situation of the deep valley of hell!"! Wasn't this considered a huge contribution? In the past, when the Heavenly Dao Cliff of our Xingtian Academy was mentioned, everyone would be envious. It was inevitable that they would attack our Xingtian Academy because of the deep valley of Hell and ruin our reputation.

Now, the three of us have returned safely. If anyone were to use the abyss of Hell to frame our heaven's Path Academy in the future, we would be the best evidence to retaliate.

The three of us almost lost our lives to Save Our Heaven's Path Academy's reputation. Isn't this a huge contribution? Even if each of us were to give us 5,000 points, it wouldn't be too much. 1,000 points is already a friendship price." Yun chujiu straightened her small waist and said proudly.

“You’re talking nonsense! What does this deep valley of hell have to do with the reputation of our Xingtian Academy? ! Instructor Liu, don’t listen to her nonsense. Hurry up and chase them out!” Instructor Zhang woke up and heard Yun Chujiu’s words, he shouted angrily.

Yun chujiu sneered, “Instructor Liu, you’re a sensible person who cares about the overall situation. Don’t tell me you have the same thoughts as that brainless person?”

Teacher Liu’s face stiffened. This little girl was really crafty. She had sealed her words tightly. If he agreed to teacher Zhang’s words, wouldn’t that mean that he was ignorant and didn’t care about the big picture? was he brainless?

“Teacher Liu, since the deep valley of Hell is under the jurisdiction of our Xingtian Academy, that is our responsibility. Our Xingtian Academy can’t enjoy the benefits brought by the Heavenly Dao Cliff and not bear the responsibility of the deep valley of Hell, right?”

“Therefore, if the abyss of Hell continues to bear a bad reputation, the reputation of our Xingtian Academy will definitely be affected.

“Now that the three of us have investigated the situation, the threat that originally existed is no longer there. We no longer have to worry about someone using the abyss of Hell to attack our Xingtian Academy. Therefore, this one thousand points is really worth it...” We will never be able to find such a good deal again!” Yun Chujiu said with a smile.
