

## The Yun Family's Ninth Child is an Imp! Chapter 2238

Yun chujju spread her hands. "This time, he fainted on his own. It's none of my business! Sister Fangbing, bring us to the canteen. I'm Starving!"

Mo fangbing nodded blankly and brought Yun Chujiu and the other two out of the general affairs office.

Mo Fangbing's heart was very complicated. On one hand, she was envious of Yun Chujiu and the other two's points and dormitory. On the other hand, she regretted not being able to stand on the same side as them in time.

The canteen was not far from the general affairs office. The four of them soon arrived at the canteen.

The canteen was very big and the inside was very clean. It was already afternoon and there were not many people eating in the canteen.

Yun chujju never mistreated herself. Therefore, she ordered a big table and the four of them chatted as they ate.

"Sister fangbing, how are the classes arranged?"

“Every day is half a day of classes. One spiritual energy class and one cultivator’s six techniques class. The Afternoon is free to be arranged. Every half a month, we have three days of rest.”

Yun chujiu nodded. This was similar to the arrangement of Tianyuan Academy. However, she didn’t know what the spiritual energy class would teach. After all, everyone basically knew high-level physical transformation techniques. What else could they teach?

After the four of them finished eating, Yun chujiu packed a lot of food before leaving the canteen.

According to the courtyard number marked on the dormitory jade plate, the four of them found the corresponding courtyard. This was three courtyards connected together, right in the middle of the dormitory district.

Mo fangbing saw the courtyard of Yun Chujiu and the other two and could not help but be envious.

“Sister Fangcao, the dormitory that teacher Zhang gave you is indeed the best. Although our dormitory is one room per person, we share a courtyard with a few people. Yours is a separate courtyard.”

Yun chujiu said proudly, “That’s true. If he dares to play tricks, I won’t beat him to death!”

Yun Chujiu chose a courtyard on the east side. Jin Zhi naturally chose a courtyard next to hers. The westernmost courtyard belonged to Xue Wuji.

“Sister Fangbing, where is your dormitory?”

Mo Fangbing pointed with her finger. “The south side is the dormitory of the day class of each grade. The east side is the dormitory of the month class of each grade, and the north side is the dormitory of the Star class of each grade.”

Yun Chujiu nodded. It seemed that this dormitory had a hierarchy. They had caused a ruckus in the Miscellaneous Affairs Department, and it was a blessing in disguise. Otherwise, it would be inconvenient to share a courtyard with others., especially for someone like her who had too many secrets.

Mo Fangbing saw that there was nothing else for her to do, so she turned around and left. Yun Chujiu and the other two entered their respective courtyards.

Yun Chujiu entered her own courtyard and sized it up. She was very satisfied with it. Not only was the room fully furnished, but the courtyard was also spacious enough to have a barbecue or something. It was completely enough.

What Yun Chujiu did not know was that on the first day of school, she was completely famous in Xingtian Academy!

“Hey, did you guys hear? This year’s freshmen had a badass with lightning! He beat up that horse-faced person in the general affairs department! That horse-faced person was beaten up quite a few times. He was miserable and screamed like a pig being slaughtered!”

“Really? That student must have been expelled, right? After all, beating up the teacher would deduct 200 points.”

“No! That’s why that student is so awesome! She got the law enforcement to reward them with 1,000 points each. Adding the initial 100 points, after deducting 200 points, there’s still 900 points left!”

“That’s not all. That horse-face even gave the three best dorms to Mo Fangcao!” “How many seniors failed to get those three dorms? Who would have thought that Mo Fangcao and the other two would cause such a ruckus and reap such a huge benefit!”
