

The Yun Family's Ninth Child is an Imp! Chapter 2239

She hadn't slept well these few days, so that night, Yun Chujiu went to bed early to rest.

After a good night's sleep and breakfast, Yun Chujiu and the other two went to the classroom.

The students they met on the way pointed at the three of them and discussed among themselves. They were talking about what happened at the General Affairs Department the day before, and even the three of them at Tiandao Cliff was treated as a topic of conversation.

Yun chujiu and the other two were all doing things their own way, so they didn't care about it at all. They followed the location that Mo Fangbing told them yesterday and successfully found the first grade Star class classroom.

After entering the classroom, Yun Chujiu couldn't help but feel very surprised.

The classroom of Xingtian Academy was very different from that of Tianyuan Academy. The classroom of Tianyuan Academy was nothing more than the teacher's podium in front and the desk below.

However, the classroom of Xingtian Academy was Round. In the middle of the classroom was a rather large round podium, surrounded by a few rings of students' desks.

At this moment, there were already quite a number of students in the Star class. When they saw Yun Chujiu and the other two, their gazes were all different. Some looked at them curiously, some looked at them disdainfully, and some looked at them with jealousy and hatred.

Mo Fangbing was just about to stand up and greet Yun Chujiu when a woman in white beside her said disdainfully, "If you are close to them, move to their courtyard. Don't squeeze in with us."

The other woman in pink also echoed, "That's right. If you want to climb up the social ladder, hurry up and go. Our small temple can't accommodate you."

Mo Fangbing bit her lip. The two women who spoke were people who lived in the same courtyard as her. If she insisted on talking to Yun Chujiu, they would definitely reject her.

Mo Fangbing weighed the pros and cons and lowered her head. She did not greet Yun Chujiu.

She felt that Yun Chujiu's showy personality would cause trouble sooner or later. It was better to keep a certain distance from her now so that she would not be implicated.

Yun Chujiu was so smart. She saw that Mo Fangbing did not look at her and guessed that it was close. She could not help but sigh in her heart. She initially thought that Mo Fangbing was someone who knew what was going on. She did not expect that she would be so cowardly when she encountered something.

In fact, Yun Chujiu and Jin Zhi had already discussed it. They were prepared to let Mo Fangbing move into Jin Zhi's courtyard after class today.

They did not blame Mo Fangbing for not jumping off the cliff, nor did they blame Mo Fangbing for not helping to beat up teacher Zhang. After all, they did not have a deep friendship.

They did not expect Mo Fangbing to want to draw a line between them. Forget it, since that was the case, then from now on, the bridge will return to the bridge, and the road will return to the road!

If Mo Fangbing knew Yun Chujiu and the others' original plans, her intestines would probably be green with regret.

The students had all arrived one after another. A moment later, teacher Dong of the Star class entered.

Teacher Dong walked onto the round platform and swept his gaze across the crowd. His gaze paused on Yun Chujiu and the other two for a moment, but his gaze wasn't very friendly.

Teacher Dong said with a gloomy face, "All of you should feel proud and proud to be able to become students of the Xingtian Academy! I only have two requirements for all of you. One is to cultivate well, and the other is to not cause any trouble for me!"

“Some students not only have low spiritual power levels, but they also cause trouble on the first day of school. I don’t want to see such a thing happen again.

“If you do it again, please leave our Star class. “Such a black sheep will sooner or later implicate our star class. “Do you all hear me clearly?”

Hearing teacher Dong’s words, Mo Fangbing suddenly felt that her decision just now was right. Mo Fangcao and the others would cause big trouble sooner or later.
