

## The Yun Family's Ninth Child is an Imp! Chapter 2245

"Little Jiu, what should we do in the afternoon? Cultivate separately?" Jin Zhi asked.

Yun chujiu stretched lazily. "Let's take a nap first. After we wake up, let's walk around and familiarize ourselves with the terrain."

Xue Wuji and Jin Zhi nodded, and the two returned to their respective courtyards.

Two hours later, Yun Chujiu and the other two walked out of the courtyard and began to stroll around Xingtian Academy.

In a fight within the Xingtian Academy, only if someone from both sides reported it would it be counted. If the people didn't report it, the officials wouldn't look into it, and the law enforcement department would turn a blind eye to it.

Zhu jingtie naturally wouldn't be stupid enough to report it. If he did, Yun Chujiu and the other two wouldn't do anything, and his points wouldn't be enough to deduct.

However, the speed at which the gossip spread was quite fast. The news of Zhu Jingtie being beaten had already spread to more than half of the Xingtian Academy.

Therefore, the three of them naturally received all kinds of stares as they walked.

Yun chujiu said leisurely, "Brother Wuji, Beauty Jin Zhi, we will often encounter such a situation in the future, so you have to learn to enjoy this kind of situation."

Xue Wuji raised his eyebrows. "Little Sister Jiu, you underestimate me too much. When have I ever cared about the stares of others? ! It's just that my strength is too weak now. Otherwise, if anyone dares to gossip, I will skin him alive!"

Jin Zhi was not as thick-skinned as these two, but she was not a girl who followed the rules. She snorted coldly and said, "Xue Wuji is right. Sooner or later, I'll use my strength to shut them all up."

..

The three of them chatted as they walked. When Yun Chujiu saw the spirit fruit tree by the roadside, she picked a few fruits without hesitation and took a bite. The taste was really good.

When the students who were eating melons saw that Yun chujiu was actually daring enough to pick spirit fruits, someone shouted, "Those fruits are from the academy, you can't pick them!"

Yun chujia glanced at the student who spoke. "You Want to report me? Isn't it just deducting points? What's so great about it! However, if you dare to report me, we'll wait and See!"

When the student thought of the rumors he heard, he immediately cowered and didn't dare to make a sound.

Yun chujia curled her lips and gave the spirit fruit to Xue Wuji and Jin Zhi. The three of them continued to walk around while chewing on the spirit fruit.

The student who had spoken earlier did not dare to report it, but that did not mean that others did not dare to report it either. A few students secretly went to the law enforcement office.

The teachers in the law enforcement office were discussing the matter of Yun chujia beating up Zhu Jingtie. "This Mo Fangcao is really audacious. She beat up the teacher yesterday and beat up her classmate today. It's really outrageous!"

Some instructors said with admiration, "I think this Mo Fangcao is not bad. Many students choose to silently endure the bullying of the senior students. If the cultivators don't even have the courage to resist, how can they cultivate the Great Dao?"

"You're right. This Mo Fangcao's courage is commendable, but her mischievous character will cause big trouble sooner or later."

“That may not be the case. Although she beat up Zhu Jingtie, it was only a superficial injury. She clearly knows what she’s doing.”

..

When the teachers from the law enforcement division saw the students enter, they stopped their discussion and looked at the students. “What do you all want?”

“Teacher, we have something to report. That Mo Fangbing picked the spirit fruit from the academy. She also said that it’s okay to report it. Anyway, it’s just a few points deducted. She’s really too arrogant!”The one who spoke was a woman in pink, it was di Shanshan, who was in the same courtyard as Mo fangbing.

“Teacher, we can all testify that that Mo Fangbing is taking advantage of her points to do whatever she wants. She’s really too much!”The woman in White who spoke was Xi Luoxia, who was in the same courtyard as Mo fangbing.

The other students also chimed in. Most of these people were students from the Star class. Their motive was very clear. It was best to expel the three black sheep of Mo fangbing so as not to drag down the Star class.
