

The Yun Family's Ninth Child is an Imp! Chapter 2247

Yun chujiu blinked her eyes. She thought that this old man Pang was a good person, but she didn't expect him to be a cheater!

However, she knew that this teacher Pang was not someone to be trifled with. She said obediently, "If you have done something wrong, you must be punished. We have no objections."

Seeing that she had admitted her mistake very well, teacher Pang's expression softened a little. "In that case, the three of you will be responsible for cleaning the second grade's Day class every day. Go back."

After Yun Chujiu and the others left., teacher Liu asked in confusion, "Teacher Pang, why did you ask them to clean the second Grade's Day Class? Why didn't you just ask them to clean the first grade's Star Class?"

Teacher Pang smiled. "These three children, especially mo fangcao and Xue Wuji, are too aggressive. They have to be polished. "The second Grade's Day class is full of geniuses. It's not a bad thing to make them suffer a little."

Teacher Liu nodded, but he felt uneasy. Mo Fangcao was a troublemaker. Would she cause any more trouble if she cleaned the second grade's Day Class?

At this moment, Yun Chujiu was holding a large kitchen knife and pressing it against di Shanshan's neck, she said faintly, "Di Shanshan, is it? Are you bored? Are you jealous of my beauty because you love to report me so much? Tell me, do you want me to cut your face a few times, or do you want me to cut your neck a few times?"

Di Shanshan said in horror, "You, you, you beat up your classmate for no reason. Aren't you afraid of being expelled?"

"Expelled? What a joke! I beat you up? This is clearly a fight, okay? If we were to fight, I would at most be considered self-defense."

"You, you're talking nonsense! I obviously didn't do it!" Di Shanshan was both angry and afraid.

"You didn't do it, but you provoked me! You glared at me. Since you have already provoked me, if I still don't do it, wouldn't I be too weak to be bullied?"

Everyone was dumbfounded. What did she mean by 'If you want to add insult to injury, there's no excuse for it'? ! This was it? ! This Mo Fangcao was clearly taking revenge on di Shanshan for reporting her, and she even said something about fighting. Who Was she kidding? ! !

"Luoxia, save me!" Di Shanshan saw that Yun Chujiu was unreasonable, so she quickly asked Xi Luoxia for help.

“Mo Fangcao, quickly release Shanshan, or I’ll report it to the law enforcement office,” Xi Luoxia said angrily.

“Get lost! I haven’t settled the score with you yet. If you want to be disfigured like her, you can continue to prance around,” Yun Chujiu said coldly.

Xi Luoxia’s face flushed red. She was furious but she did not dare to say anything. She could tell that this Mo Fangcao was a daring person. If she continued to speak, she might really be in trouble.

“Zhai Shanshan, did you see that? Your Good Sister is also a little B * Tch who only cares about herself. Now, only you can save yourself! I’ll give you two choices. One is to let me scratch your face a few times, and the other is to take out 200,000 high-grade spirit stones to compensate for my mental loss. Which do you choose? Of course, you can also choose to have someone report me to the law enforcement office. I’m more than happy to do so!” Yun Chujiu said with a smile.

Zhai Shanshan looked at Xi Luoxia and the other students for help. Those people avoided her gaze. What a joke. This Mo Fangcao was like a female bandit. Who would dare to confront her head-on!

Zhai Shanshan’s heart turned cold. She gritted her teeth. “I’ll give you the money. Let Me Go!”
