

The Yun Family's Ninth Child is an Imp! Chapter 2252

Yun chujiu laughed dryly, "Prince Charming, the little madman is now at the first layer of the spiritual void tier. Speaking of which, he is much stronger than me! If he is useless, wouldn't I be even more useless?"

Di beiming touched his nose, "He is different from you. When I broke the seal, a part of the golden light entered his body. Previously, he only digested a part of it. He needs a lot of trials to break through again."

Yun chujiu could not help but say sourly, "This little lunatic is really a fool. According to what you said, wouldn't Beauty Jin Zhi cultivate very fast in the future?"

Di beiming nodded and said, "Although Jin Zhi did not absorb as much golden light as an Feng, she will still cultivate faster than the average person."

"It seems that only Wu Ji and I are the most useless!" Yun chujiu pouted and said with disappointment.

Di beiming coughed dryly, "Actually, that idiot Xue Wuji also has a seal in his body. When I slapped him back then, his seal had already loosened. I believe that if there is a suitable opportunity, a part of the seal will be removed."

Yun Chujiu was stunned at first, then she opened her mouth and howled. Fortunately, di beiming had activated the isolation array when he came in, otherwise, he would have lured everyone here.

“After all this, I’m the most useless one! Why do all of you have a seal, but I don’t? SOB SOB, not only do I not have a seal, I also have three nails in my dantian. No, I still have one in my palm. I’m so miserable!”

Di beiming patted her back comfortingly, “Although you don’t have a seal, you still have me.”

Yun Chujiu was stunned. She raised her head and looked at di beiming.

Di beiming flipped over and pressed Yun Chujiu under his body. He said slowly, “Little Jiu, give me some more time. I promise that no one can hurt you in the future. You have to believe me.”

Yun Chujiu felt that her face was on fire. Her tongue was a little tongue-tied, “I, of course I believe you. I, I just have some red-eyed disease.”

Di beiming..

He initially thought that Yun Chujiu was really feeling sorry for herself, so he said what he wanted to say to comfort her. In the end, this fellow was just jealous and did not hate her.

This time, the atmosphere was a little awkward. A certain someone looked at Yun Chujiu's beautiful face and thought of a good way to ease the awkwardness, which was to start a marriage if there was a disagreement.

Yun Chujiu was so dizzy from the kiss that she had long forgotten about the seal.

After the intimacy, Yun Chujiu lay in di Beiming's arms and talked to Di beiming casually.

"Little Jiu, you still have class tomorrow. Go to sleep! When you fall asleep, I will leave." Di beiming kissed Yun Chujiu's forehead.

Yun Chujiu was reluctant to let di beiming leave, but she knew that there was no other way. She pouted, "I can't sleep unless you sing me a lullaby."

Ever since the seal was broken, di beiming had not sung a lullaby. However, he could not stand Yun Chujiu's coquettishness. He could only grit his teeth and sing the lullaby.

Only then did Yun chujiu fall asleep in di Beiming's arms. Although di beiming was reluctant to leave, he saw that the sky was starting to brighten. If he did not leave now, it would be difficult for him to escape.

He could only gently place Yun Chujiu on the pillow and kiss her forehead. He gritted his teeth and got up to leave.

After he left, Yun Chujiu opened her eyes and bit her lips. Two drops of tears rolled down.
