

## The Yun Family's Ninth Child is an Imp! Chapter 2271

Yun Chujiu was a little regretful. It was said that birds die for food. If she died because of greed, it would be a laughing stock!

She felt that her spiritual power was much higher than that of the scarlet-eyed venomous tail wasp, that was why she was willing to reap the honey.

“I know my mistake! I shouldn't have been greedy, I shouldn't have cut off such a large piece of the beehive, and I shouldn't have established a temporary contract with the Queen Bee. I was wrong, I was so wrong...”

“What? ! Say that again! You said that you established a temporary contract with the Queen Bee?” Teacher du shouted in disbelief.

“Yes, yes!” Yun Chujiu was a little dumbfounded. The reason why she confessed was firstly because she felt that teacher du was a good person, and he even said that it was his responsibility that she was injured, and he also told the odd-job workers not to talk about it.

Secondly, she felt that this scarlet-eyed venomous-tailed bee queen was only a thirty-third tier spiritual insect, so establishing a temporary contract was not a big deal.

Teacher du was obviously still in disbelief. “Since you said that you established a spirit stone contract with the Bee Queen, let it come out of the Hive.”

Yun chujiu had no choice but to order the bee queen to climb out of the hive. The Bee Queen felt that she was really out of luck today! Not only did she lose two large beehives, but her sharp beak was also chopped off by someone. Most importantly, she was actually temporarily contracted by this wretched girl!

Now, he had to go out and lose face. A bee queen without a sharp beak... sob, sob, how was he going to survive in the future!

Teacher du was stunned when he saw the bee queen climbing out of the beehives! It really came out? But, this... why was the bee Queen's sharp beak gone? Could it have been broken by him?

"Teacher Du, do you believe me now?" "I have established a temporary contract with the queen bee. In the future, when Xu Dong comes to fetch the honey, you don't have to do anything. I will ask the queen bee to drive those worker bees to the array area," Yun Chujiu said with a smile.

Teacher du looked at Yun Chujiu, then looked at the queen bee without a sharp beak, and said in a low voice, "Mo Fangcao, do you know why I was surprised when I heard that you had established a temporary contract with the Queen Bee?"

Yun chujiu shook her head. "I don't know. Isn't this bee queen just a level 33 spiritual insect? What's so great about it?"

“First, level 33 is equivalent to the fourth to fifth level of the spiritual profound realm for human cultivators. Beast taming techniques can only be used to control beasts that are lower in level than your spiritual power. You are only at the first level of the spiritual profound realm, but you can actually control beasts that are higher in level than your spiritual power. This is simply unbelievable.”

Yun chujiu secretly cursed in her heart. She was really smart all her life, but she actually forgot this point in a moment of confusion. However, it didn't matter. She was already able to control beasts that were higher in level than her own spiritual power.

“The second point is also the most important point. Spiritual insects are different from spiritual beasts and spiritual birds. No cultivator has ever been able to establish a contract with an adult or larva.

“Those who raise spiritual insects can only establish a contract with the eggs of the insects. After the eggs hatch, they will become their spiritual pets. “This is the reason why there are very few people raising the spiritual insects. After all, it takes too long to wait for the eggs to mature.”

Yun chujiu touched her nose. “Teacher Du, but I really established a temporary contract with the queen bee. What's going on?”

Teacher du was also at a loss. “Maybe, maybe it's because you have a heavenly thunder spirit root! This is not a trivial matter. Don't mention it to others.”

Yun chujiu nodded. It wasn't like there weren't any good people in Xingtian Academy. This teacher Du wasn't bad. Although he was a rigid person, he didn't have any ill intentions. Cough cough, this fellow wouldn't admit it. The reason why she had a good impression of teacher du was because teacher du had given her two beehives.

Teacher du wanted to verify it again, so he released the worker bees from the array. Anyway, with him protecting Yun Chujiu, he wouldn't hurt her.
