

## The Yun Family's Ninth Child is an Imp! Chapter 2273

When Yun Chujiu heard Xue Wuji and Jin Zhi's words, she was stunned at first, then explained anxiously, "I, I'm not..."

"You're not what? Your Arm is not caused by gluttony? Don't you think that you're not afraid of anything as long as you're Smart? Little Sister Jiu, you're a smart person. You should reflect on yourself!"

After Xue Wuji said these words coldly, he ignored Yun chujiu and left.

Jin Zhi snorted coldly and left without looking back.

Yun chujiu opened her mouth and said, "You guys, you guys, Sigh, i..."

"HMPH! Forget it if you don't want to Eat! I'll eat it myself!" This guy broke a piece of beehive and started chewing.

He put it down after a few bites. He felt that it was tasteless, so he put the beehive into his storage ring.

After washing up, she was not in the mood to cultivate. She lay on the bed in a daze.

She knew that Xue Wuji and Jin Zhi were doing this for her own good. They were afraid that she would be in danger because of her gluttony. She understood and would remember their kindness.

But why did she still feel wronged? Why was her nose a little sore?

Yes, she was gluttonous, but did they know why she had a special liking for food? Could they understand the fear of not having a next meal? Could they understand the fear of being beaten half to death by an old beggar just for half a steamed bun?

In her previous life, ever since she had memories, the feeling of being bone-deep in her marrow was hunger. Every day she thought about it to fill her stomach. If those beggars did not use her to win people's sympathy, she would have starved to death long ago.

In order to eat and survive, she learned from all kinds of people to observe people's expressions and learn to flatter them. Others said that she was mentally strong and thick-skinned enough. Hehe, compared to her life, what was the point of being scolded or kicked?

Fortunately, she was later chosen by the secret service through small means. That was how she escaped from the days of hunger. However, she also developed the habit of storing food and gluttonous eating.

Her refrigerator was always full of food. Even her bedroom was full of food. Every time she went to a place, she would taste all the local delicacies. She would take a few hours' flight to eat authentic delicacies..

It seemed that this was the only way for her to truly feel that she did not have to starve anymore! She would no longer be enveloped by those nightmares.

Yun chujiu buried her head under the blanket and started to cry silently.

She also wanted to live a noble and elegant life. She also wanted to live like snow on a high mountain. However, as an abandoned baby who was thrown into a beggar's nest and a person who lived for the sake of living, only food could give her the greatest sense of security.

The four people in the spiritual beast bag saw Yun chujiu crying so sadly and looked at each other, in the end, it was Xiao Heiniaoy who said weakly, "Master, the past is the past. Didn't you say that people should look forward? You Won't go hungry again in the future. At the very least, there's still the Great Void Mystic Realm!"

"I know. In fact, I haven't gone hungry since I became a special agent. It's mostly because of psychological reasons. You Don't have to worry about me. I'll think about it carefully."

“Master, Gluttony isn’t a problem. As long as you don’t take risks for gluttony, so be it. Anyway, the gigolo can support you,”said Xiao Heiniaoy, it would never admit that it said that because it was a glutton.

Yun Chujiu agreed and lay on the bed, recalling the recent events.

Although she didn’t want to admit it, Xue Wuji and Jin Zhi were right. After she entered the Xingtian Academy, she seemed to have fallen into the same old habit again.
