

The Yun Family's Ninth Child is an Imp! Chapter 2278

Although he hongquan was so angry that he wanted to bang his head against the wall, there was nothing he could do. It could be said that he hated Yun Chujiu.

In the following period of time, Yun Chujiu's academy life was still relatively peaceful.

Although teacher Dong had found a few problems, they were all solved by Yun chujiu without any danger. Teacher Dong was most likely disheartened, so he simply ignored Yun chujiu and the other two.

The other teachers were not bad, especially teacher Jin, who taught alchemy, and teacher Du, who controlled beasts. They were very satisfied with Yun Chujiu's performance.

In the blink of an eye, Yun Chujiu had entered the school for half a month, and the next three days were a break.

Yun Chujiu had originally planned to stay in Xingtian Academy obediently for the next three days to avoid any danger when she went out. She did not expect that someone from the Ye family would come.

"Miss Cousin, I am the steward of the Ye family. Although Miss Lan was removed from the list, you are still the blood of the Ye family. The old master wants to meet you."

“Steward, what is your surname? Who is the old master that you call me?” Yun chujiu looked at the old man indifferently, as expected of a member of a first-class family. On the surface, there wasn’t the slightest mistake. Everything was well-behaved and appropriate.

“I am indebted to the old master’s grace and have been bestowed with the surname Ye of my main family. The word ‘fu’ is a single word. The old master is Miss Lan’s grandfather, which is also your great-grandfather.” The old man replied respectfully.

Yun chujiu nodded. “Housekeeper Fu, did the Old Master Say Anything? If I don’t want to go, how are you going to deal with me?”

“This, the old master did not say. However, does the young miss not want to meet the relatives of the grandfather’s Family?” Housekeeper Fu was shocked, this Mo Fangcao was really a little different from the others. If an ordinary person could have a relationship with a first-class family like the Ye family, wouldn’t they be overjoyed? Judging from this person’s meaning, it seemed that she didn’t really want to go.

“Of course I want to meet him. But you also know that I only have three days of rest. I’m afraid that he will come and go in a hurry. Why don’t I go to the Ye residence to visit the old master when I’m on a long vacation?” Yun Chujiu said faintly.

Housekeeper fu then realized that Yun Chujiu had always been talking about the old master and had never addressed him as great-grandfather. Could it be that she really did not want to have any relationship with the Ye Family?

"I understand what you mean, young miss. Then I Won't disturb you anymore. I'll take my leave." Housekeeper fu did not say anything else. He bowed respectfully and then left with his men.

Yun Chujiu looked at housekeeper Fu's back and felt a wave of emotions in her heart. She felt that there would be more people from the Ye family. Although she did not know why the old master of the Ye family wanted to see her, the person who killed her was definitely not sent by the old master of the Ye family.

Could it be that the person who wanted to kill her wanted to kill her because the old master of the Ye family wanted to see her?

Would the ye family go or not?

If she wanted to find out what happened to her mother, the Ye family definitely had to go. However, she did not have the ability to protect herself now. If she went, it would be equivalent to entering a dragon's Den and a tiger's den.

However, if she did not go, that old master ye might change his mind. It would be even more difficult for her to enter the ye family legally.

Yun chujiu still had not come to a decision. Half a month later, housekeeper Fu came again.

“Miss, the old master said that Miss Lan’s courtyard had been empty all those years ago. You can stay there after you go there. Although Miss Lan is no longer here, you can still remember her,” housekeeper Fu said respectfully.

Yun chujie could not help but sneer in her heart. Did he think she was a fool?
