

The Yun Family's Ninth Child is an Imp! Chapter 2282

"TSK! You're really stupid. Can't you just say that you're a student of the Xingtian Academy? How could the Ye family offend the Xingtian Academy? The Xingtian Academy is under my protection!" The Heavenly Dao Cliff said arrogantly.

Yun chujiu curled her lips. "I'm Stupid?" The Ye family was a first-class family, and the Ye family was my maternal family. Did you think that the Xingtian Academy would seek justice after my death? In the end, they will definitely let it go. After all, it is unwise to offend a first-class family for the sake of an insignificant shrimp like me.

As for you, you are just a decoration! Can you kill or save people? Even if you have great abilities, you can't move. Don't tell me you can fly to the Ye family to help me kill people?"

When Tiandao ya heard Yun chujiu belittling him, he said unwillingly, "Although I can't move, but..."

Tiandao ya hurriedly stopped talking at this point. It was obvious that he regretted saying that he was bald.

"But what?" Yun Chujiu's eyes flashed, and she asked calmly.

"But, but I can help you scold the Ye family! The Ye family is a bunch of bastards!" Tiandao ya silently gave himself a thumbs up, and he finally muddled through.

“Ah, so you’re helping me scold people! I thought you had some heaven-defying ability to help me! Forget it, you’re just a dead thing that can’t move. In a sense, you’re not as good as Wu Yun in the sky. After all, Wu Yun can still move.” Yun chujia said with slight disdain.

“I’m not as good as that damn bastard Wu Yun? ! I’ll tell you the truth. As long as I want to, I can kill whoever I want within a 5,000-kilometer radius! It’s just that I don’t have the leisure to do so!” Tiandao ya roared indignantly.

“Bah! Who doesn’t know how to brag? ! And you want to kill whoever you want within a radius of 5,000 li? How can you kill a dead thing that can’t move?”

Heavenly Dao Cliff initially regretted saying that it was bald, but when he saw Yun chujia questioning it.., he said angrily out of embarrassment, “What do you know? ! Do you think that the golden lights that I used to fight against Wu Yun are just for show ? ? ! Taking someone’s life from a thousand miles away is just a piece of cake. It’s just that I don’t want to bear the consequences! Otherwise, when you tricked me back then, I would have killed you.”

“So that’s how it is! I knew it. How can the Magnificent Heavenly Dao cliff not be as powerful as Wang Byun? ! So Little Tian Tian, you are so powerful. I really underestimated you!” Yun chujia slapped her thigh and said in surprise.

The Heavenly Dao Cliff was extremely proud. “That’s right! Otherwise, why do you think I’ve been standing tall? If I didn’t have some means of self-protection, wouldn’t all the cats and dogs be able to dig

holes in my body? If I didn't have some real abilities, those people with malicious intentions would have long snatched away all the inheritances that I had saved."

Yun chujiu smiled as she listened to the Heavenly Dao Cliff's bragging. The Ye family was only two thousand miles away from the Heaven Punisher Academy, and was completely within the range of the Heavenly Dao Cliff's protection.

If they had the Heavenly Dao Cliff's help, it wasn't like the Ye family wouldn't be able to barge in. Furthermore, Old Master Ye wouldn't allow her to go for no reason. There must be some secret behind this.

"Little Tian Tian, let's not beat around the bush. Since you have such heaven-reaching abilities, help me out! I want to go to the Ye family. If my life is in danger, you have to save me once.

"Don't worry, I Won't let you save me for nothing. Just treat it as I owe you a favor. I will repay you in the future."Yun Chujiu said straightforwardly and didn't beat around the bush.

Tian Dao cliff stuttered for a while. Apparently, he was hesitant and didn't want to bear the consequences.
