

The Yun Family's Ninth Child is an Imp! Chapter 2285

Ye Bingyu felt so aggrieved that she wanted to vomit blood. She had lived for so long, and the humiliation she had suffered was all because of this Mo Fangcao in front of her.

However, she had a strong backer. That person was able to do all those things without alerting the guards of the Ye family. It was as easy as flipping over her hand to kill all the members of the Ye family. Therefore, she could only grit her teeth and endure.

When she heard that the flying spirit tool was about to arrive outside ye city, ye Bingyu said impatiently, "Mo fangcao, we have arrived at Ye city. Let's chat again when we have time."

Yun chujiu curled the corners of her lips and followed ye Bingyu to get off the flying spirit tool.

Yun Chujiu looked at the two big words "Ye city" on the city gate and could not help but laugh at herself. The Yun family was also located in Ye city. It was just that they had the same pronunciation but different words. It was really an unfortunate fate.

However, since the city's name was Ye city, it could be seen how powerful the ye family was.

The guards at the city gate saw ye Bingyu and ye Wenhong and bowed respectfully to greet them. They were also very respectful to housekeeper Fu, which further proved the power of the Ye family.

Ye city was very prosperous, and its scale was also very large. The group walked for a full hour before they arrived in front of an ancient mansion.

The plaque at the manor door was written with the words 'Ye Manor' written in ancient characters. Several guards stood at the door.

Yun chujiu could not help but be secretly happy. Under normal circumstances, there were only a few people guarding the door, but the ye manor had sent so many guards. It was probably because the gigolo had scared them last time.

"Miss Cousin, I'll first have someone bring you to the guest house to wash up and rest, then go and pay a visit to the old master. What do you think?" Housekeeper fu asked respectfully.

"The guest can do as the host wishes. Naturally, it is possible. However, I remember housekeeper Fu saying that if I were to come to the Ye residence, he would let me live in the courtyard where my mother once lived."

When Yun Chujiu said this, her pitch-black eyes stared at housekeeper Fu and did not continue speaking.

Housekeeper Fu's heart froze. Although he was a servant, the position of the head housekeeper of a first-class family was not much different from that of the master of a second-class family.

Therefore, he was also a person who had seen big scenes. He could only be at a loss when facing the old master, but in front of this cousin young lady with low spiritual power, it made him break out in cold sweat repeatedly, could it be because she looked similar to Miss Lan?

Housekeeper Fu did not say anything, but ye Bingyu could not help but say with slight mockery, “Mo fangcao, you actually have designs on Shaohua Garden? I advise you to save your breath!”!

“That’s sister Bingying’s residence. Sister Bingying is the pride of our ye family. She only used three years to graduate from the WA Stone Academy, and she’s about to become an outer disciple of the primordial chaos sect.”. “You’re competing with her. You’re simply overestimating yourself!”

Yun Chujiu’s heart moved. She was actually so proud to become an outer disciple of the primordial chaos sect. It seemed that a first-class family like the Ye family was indeed incomparable to super sects like the primordial chaos sect and the Shi Yuan sect.

Yun Chujiu’s expression was still as calm as ever. “Sister Bingyu, I know that you’re doing this for my own good. I appreciate it. Housekeeper Fu, have you entered a meditative state?”

Housekeeper Fu’s old face flushed red as he stammered, “Miss Cousin, regarding the matter of the residence, I still need to consult old master first. Please come to the guest house to rest for a while.”

Yun chujia smiled, "Why Bother? ! I have a close relationship with sister Bingyu. I will go to her courtyard and wait for the news."

Ye Bingyu staggered and almost vomited blood. She was about to object when she saw Yun chujia looking at her with her bright eyes. She could only squeeze out a sentence from between her teeth, "Alright, then, go to my place!"
