

The Yun Family's Ninth Child is an Imp! Chapter 2287

Great-grandfather ye rapped on the desk even faster. "Send someone to call Bingyu over. I'll ask her what's going on."

"Yes!"

..

At this moment, Ye Bingyu was gnashing her teeth and growling in a low voice, "Mo Fangcao! Don't go too far! I don't welcome you here. Go and stay in the guest house!"

Yun chujju crossed her legs and ate the snacks while drinking tea. She said slowly, "Sister Bingyu, we are good sisters who hit it off at first sight. How could you have the heart to kick me out?"

"Nonsense! You Are My Enemy! What do you want?" Ye Bingyu deeply understood what it meant to invite a wolf into the house. This was a vicious wolf!

"Sister Bingyu, it's not that I want anything. It's your great-grandfather who insisted on me coming over. I also want to know what he wants. If my guess is right, your great-grandfather will soon summon you.

If you don't want to Lose Your Life and the Ye family to be destroyed, then just do as I taught you."Yun chujiu dipped her finger in some tea and wrote the word "Kill" on the table.

Ye Bingyu was both angry and afraid. "You, why are you targeting our ye family? Could it be that you were expelled from our ye family to take revenge on Your Mother?"

Yun Chujiu was stunned at first, since she laughed, "Sister Bingyu, you're thinking too much. I'm just trying to protect myself. "Since you have the ability to question me, why don't you familiarize yourself with the lines I taught you? If you fail, TSK TSK, you'll be the ye family's sinner for all eternity!"

Ye Bingyu was only a young lady in her early twenties. Her family had always been pampered and pampered, so how could she possibly win against a certain Jiu who had full black lotus skills? Instantly, her psychological defense crumbled, as she cried, she recited the lines Yun chujiu taught her.

Yun chujiu touched her nose. Was there a mistake? ! You were the one who shouted at me to kill you. I merely retaliated. Did you have to make it so miserable?

"Don't Cry! Your eyes are red. How Do you explain it? !"Yun chujiu slapped the table.

Ye Bingyu wiped her tears with her hand. "What's The Big Deal? I just said that I cried because I heard about your background. Isn't that more like it?"

Yun chujiu choked. Ye Bingyu had learned to infer from one thing? It would be a waste not to act!

Ye Bingyu had just memorized the lines when a maid came to say that the old master had summoned her.

“Sister Bingyu, I believe in you. You can definitely act well in this scene. Otherwise, TSK TSK, you know what to do.” Yun Chujiu took a bite of the dessert and said with a smile.

Ye Bingyu saw her smile, but felt a chill run down her back. She bit her lips and left.

Yun chujiu watched her back, and her eyes gradually darkened. What exactly did the old master want to do? According to Ye Bingyu, Ye Bingying lived in Shaohua Garden. Ye Bingying could be said to be the pride of the Ye family. Would Old Master Ye Chase Ye Bingying out of Shaohua Garden for the sake of his daughter who was kicked out of the family?

If she really did that, it would mean that her value was even greater than that heavenly daughter, Ye Bingying. But what value could she have?

Her father’s family was only a distant branch of a third-class family. Her own spiritual power was also not enough. Her birth mother was already dead, so what value could she have?

Yun chujiu could not figure it out no matter how much she thought, so she decided to wait and see.

On the other side, Ye Bingyu had already arrived at Old Master Ye's study.

Old Master Ye saw ye Bingyu's red and swollen eyes and could not help but be stunned. "Bingyu girl, What's wrong with your eyes?"
