

The Yun Family's Ninth Child is an Imp! Chapter 2288

Ye Bingyu sighed. "Great-grandfather, I was a little sad when I heard about Sister Fangcao's experience, so I couldn't help but shed a few tears."

"What experience made you so sad?" Old Master Ye frowned. The Bingyu girl was not a soft-hearted person. What was going on?

"After Sister Fangcao was born, she was reduced to a low-grade continent called the Qing Xuan continent. If her adoptive parents had not picked her up, she would have been fed to the demon beasts.

Unfortunately, when she was eight years old, her adoptive parents had gone missing. Adding insult to injury, she had a tanned face at that time. Coupled with the fact that she could not cultivate, she was simply miserable.

After experiencing many hardships and hardships, she finally returned to the western continent, and then to the eastern continent. Perhaps because they were related by blood, when I heard what she said, I also felt uncomfortable. "As Ye Bingyu spoke, her tears fell again.

When Old Master Ye saw that Ye Bingyu was crying so sadly, the suspicion in his heart was somewhat dispelled. How could he know that Ye Bingyu was crying because she remembered how miserably she was threatened by Yun Chujiu.

"How did you and Mo Fangcao Meet? Tell me honestly," old master ye asked seriously.

If it wasn't for Yun Chujiu's psychological work beforehand, Ye Bingyu would definitely tell the truth because she was intimidated by Old Master Ye's majesty. But now, she was already intimidated by Yun Chujiu, so she could only say according to Yun Chujiu's lines:

"Great-grandfather, didn't I go to the Enchanted Forest to look for the Rainbow Crystal Mushroom a few days ago? It was there that I met Mo Fangcao. At that time, we were very unhappy. However, I saw that her appearance was somewhat similar to mine, so I didn't have the heart to kill her.

Later on, I met her again in Tian Luo City. At that time, I even quarreled with her on the street. Later on, I heard that she was Aunt Lan's daughter. It turned out that she was my cousin, so I went to look for her.

Perhaps it was because of the blood relationship, when I saw her again, I no longer hated her that much. Moreover, she was very good at talking. Although I didn't particularly like her, I didn't dislike her that much.

Most importantly, great-grandfather, you must have had your own plans for letting her come. I couldn't go against your wishes, so I tolerated her. "But when we were chatting just now, she told me about her childhood experiences, and I felt that she was quite pitiful." Ye Bingyu said the lines with great passion, and she even added one last line.

Great-grandfather ye had already met ye Wenhong just now. Ye Wenhong had mentioned the scene on Tianluo City's street, and it was indeed the same as what ye Bingyu had said.

Old Master Ye believed ye Bingyu's words 80% , especially when ye Bingyu had said to "Endure"the Mo Fangcao. This could explain why ye Bingyu's expression was stiff when she looked at the Mo Fangcao.

"How did that little girl perform when she arrived at your courtyard?"Old Master Ye continued to ask.

Ye Bingyu's heart was shocked. It was actually the same as what Mo Fangcao had guessed. Her great-grandfather had actually asked this question.

"Great-grandfather, that Mo Fangcao might have come from the lower continent, so her etiquette was a little lacking. After arriving at my courtyard, she didn't stand on ceremony at all. She had already eaten two plates of pastries. She even said that before she left, she wanted me to give her more pastries,"ye Bingyu said with slight disdain.

"Is there anything else unusual? Other than talking about her childhood experiences, she didn't ask about that Lass Lan?"

"Not really. I guess she hasn't had the time to ask,"ye Bingyu said respectfully.
