

The Yun Family's Ninth Child is an Imp! Chapter 2290

Ye Bingyu immediately stood up and her eyebrows were raised. "That old pious woman only knows how to bully my mother all day long! Why didn't she let my aunt set the rules? She's still bullying my mother!"

As Ye Bingyu spoke, she walked out. Yun chujiu blinked her eyes as if the otaku drama was about to begin. How could such a fun thing be without her? !

Thus, this guy shamelessly followed behind ye Bingyu.

Ye Bingyu was now worried that her mother would be punished by the old madam Ge Shi, so how could she care about Yun Chujiu? Those maids did not know Yun Chujiu's identity, so naturally, they could not say anything.

Thus, Yun chujiu generously followed behind ye Bingyu and entered the Ge Shi's courtyard, which was also ye Bingyu's grandmother's courtyard.

As soon as she entered the courtyard, she heard a sharp voice from inside the house saying, "Our Zhiyong is really unlucky to have married you! He can't even give birth to a son, and he's not allowed to have concubines. beat him up, beat him up!"

Ye Bingyu's eyes were red with anger. She ignored the maid at the door and rushed in, while Yun Chujiu followed behind her.

There was an old lady sitting in the main seat of the house. In fact, it was an old lady. She looked like a middle-aged woman. She was dressed luxuriously and looked mean.

There was a lady kneeling on the ground. She had a beautiful face and looked delicate. There was an old lady standing next to her with a ruler in her hand. The ruler was raised and it looked like she was going to slap the lady's right hand.

Ye Bingyu seemed to have gone crazy. She pushed that old woman away and went to pull the madam who was kneeling. "Mother! Get Up! You didn't do anything wrong. Why are you kneeling!"

"How dare you! Min Shi, look at the good daughter you raised! The elders are talking about things and she's giving orders. She doesn't have any rules of a large family!" Ge Shi threw the teacup in her hand at that Madam's face.

Ye Bingyu supported her mother and dodged to the side. The Teacup fell to the ground and shattered into pieces.

Ge Shi became even more furious when she saw this. "You're rebelling! You're really rebelling against the heavens! If you don't have any rules like this, you shouldn't have gone to Xingtian Academy. You should have found a husband and married off! Do you think you can compare with Bingying? You're just as useless as your mother who can't give birth to a son!"

Yun chujia listened with relish. Oh My, I didn't expect ye Bingyu to be so powerful outside, but at home, she's just a doormat. This Ge Shi should be ye Lan's mother-in-law. With one look, it was obvious that she wasn't a good person. Perhaps ye LAN's expulsion was her doing.

Yun chujia stood in a corner. She even deliberately lowered her head. In addition, everyone in the room was focused on the mother and daughter of the Min family, so no one noticed her. They all thought that she was ye Bingyu's maid.

Ye Bingyu still wanted to argue, but that madam, also known as the Min family, forced her to kneel down. "Mother, it's all the daughter-in-law's fault. Bingyu, quickly admit your mistake to grandmother."

Ye Bingyu saw that the Min family was looking at her pleadingly. She could only grit her teeth and say, "Grandmother, I was wrong. I shouldn't have been rude to you."

Ge Shi pursed her lips. No matter how lively the little girl was, as long as she held onto the Min family, wouldn't she have to obediently admit her mistake?

"Enough, Get Up! Otherwise, you'll think that I, the mother-in-law and grandmother, am bullying you and your daughter. Min Shi, this unfilial behavior is the greatest of all. It's one thing that you didn't give Zhiyong a man and a woman, but you actually coaxed him not to take in concubines. This is truly outrageous!

However, since my foolish son is willing, I can't count for much. I heard that the old master wants to place that little bastard under your second son's name. Min Shi, if you dare to agree to this matter, I will immediately take a concubine for Zhiyong!"
