

The Yun Family's Ninth Child is an Imp! Chapter 2292

Yun chujiu reached out and caught the teapot. She picked up the Teacup on the table and poured a cup, sipping it:

“Good tea! Old Madam Ge, I’m not as uneducated as you. After all, you’re older than me, so I’d better not call you an old B * Tch!

“Originally, I really didn’t have much interest in the ye family, but when I saw how badly the Ye family was ruined by you, if I didn’t come to exorcise evil and catch ghosts, I’m afraid the Ye family would have been destroyed by your hands.”

“You Little B * Tch! You’re courting death! Men, tie her up and beat her to death!” Ge Shi was so angry that she gnashed her teeth. This little B * Tch was indeed as detestable as that b * Tch Ye Lan.

“Grandmother, Mo Fangcao is my great-grandfather...”

“Shut up! Otherwise, I’ll beat you up as well! What are you all standing there for? Beat her up! If there’s any consequences, I’ll bear it.” Before ye Bingyu could finish her words, she was interrupted by Ge Shi who was exasperated.

The old woman who was holding the ruler earlier clearly wanted to curry favor with Ge Shi. She pounced towards Yun Chujiu with a sinister smile on her face, and the ruler in her hand struck towards Yun Chujiu’s head.

Yun Chujiu's eyes deepened. This old woman really wanted her life! If this ruler struck her head, she would definitely die. She really deserved to die.

Yun chujiu raised her hand towards the old woman and then jumped to the side. She only heard the old woman scream, "Ah! My Eyes!"

Yun Chujiu had already jumped behind the old woman and kicked her waist. The old woman was directly kicked into the courtyard.

Everyone could not react in time. That old woman was at the sixth level of the Ling Xuan Realm. How could she be kicked away by a little girl at the first level of the Ling Xuan Realm in one move?

Everyone looked at the red powder on the ground. This should be poison, right? So the little girl used poison to win. This was no wonder.

"Useless thing! All of you attack together and take down this little B * Tch!" Ge Shi said in exasperation. This little B * Tch was just as arrogant as ye Lan. She had to kill her today.

Ye Bingyu watched from the side. Although she did not like Yun Chujiu, she disliked ge shi even more. She winked at the Min Shi. Mother and daughter were united. Min Shi understood and blocked ye Bingyu behind her.

Ye Bingyu quietly took out the sound transmission talisman and sent a message to the Old Master Ye. When the Old Master Ye received the message, he would naturally think of a way to stop the Ge Shi.

At this moment, Yun Chujiu was already surrounded by two old women and four maids.

“I’m warning you. If any of you dare to touch a single hair on my head today, I’ll Take Your Dog Lives!” Yun chujiu held a large kitchen knife in her hand and said coldly.

The maids could not help but take a few steps back. The maids were still better off. The two maids had suffered a lot from ye Lan back then. When they saw Yun chujiu who looked similar to ye Lan, they felt a little apprehensive.

At this moment, the sound transmission talisman in Ge Shi’s storage ring started to vibrate. After Ge Shi sent her spiritual sense in, her husband, Ye Yuanliang’s voice came from inside. “If you dare to touch fangcao girl, I’m not done with you!”

Ge Shi’s anger was already high to begin with. Now that she heard ye Yuanliang’s words, it only added fuel to the fire. She felt that she had to kill this Mo Fang Cao today, or else there would be trouble in the future. As for ye Yuanliang’s words, she had already given birth to two sons and a daughter! Could he really divorce her? !

“A bunch of trash! If you don’t make a move, your entire family will die!” Ge Shi said ferociously. This little bastard looked even more like that ye Lan. She had to die today!
