

The Yun Family's Ninth Child is an Imp! Chapter 2293

For the lives of their family members, those female servants naturally did not dare to hesitate any longer and pounced towards Yun Chujiu.

Ye Bingyu clenched her teeth anxiously at the side, thinking to herself, what was wrong with great-grandfather? How did he worsen the situation? She could only secretly send a voice transmission talisman to Old Master Ye.

The Ye family was a first-class family, and even these female servants' spiritual powers were mostly around the sixth layer of the Ling Xuan Realm. Yun chujiu knew that if she continued to be entangled like this, she would definitely be at a disadvantage.

She rolled her eyes. To catch a thief, first catch the king. No matter what, she had to catch that old devout woman first!

Thinking of this, yun chujiu suddenly shouted, "Old Master Ye, why are you here?"

Those maids and old women subconsciously looked at the door, and Yun Chujiu took advantage of this time to jump to Ge Shi's side.

Ge Shi was already feeling guilty, so when she looked up at the door, Yun Chujiu's big kitchen knife was placed on her neck.

“Don’t move! Otherwise, I’ll send you to see my grandmother!” Yun Chujiu said coldly, she heaved a sigh of relief in her heart. This Ge Shi’s spiritual power was not low, and it was also because she was unprepared that she was able to succeed. Otherwise, it would have been impossible to restrain her.

Even in her dreams, GE Shi had never thought that she would be restrained by a little girl at the first layer of the spiritual profound realm, not to mention this little B * Stard. This was simply a great humiliation!

Ye Bingyu’s eyes lit up. She could not wait for Yun Chujiu’s hand to slip and kill Ge Shi directly! Although this person was her grandmother, from the time she could remember, she had been torturing the Min Shi. If not for her strong character, she reckoned that the mother and daughter would have suffered even more.

“You, you’re courting death! Quickly let go of me!” Ge Shi was both angry and afraid.

“If I let go of you, then I’m courting death! Old Madam Ge, I really want to dig out your heart to see if it’s black. You say that you can actually humiliate your own daughter-in-law and granddaughter like that? Do you think you’re still human?”

I heard the hidden meaning in your words. You Can’t wait for Old Master Ye to die early. You’re really a vicious woman! There’s probably something wrong with my grandfather’s gaze. Even marrying a fool is a hundred times better than marrying a vicious woman like you!”

Ye Bingyu was about to applaud Yun Chujiu. Well said! Well said! This was a vicious and pious old woman!

Although Min Shi was also very appeased in her heart, she still had to do what she had to do on the surface. Thus, she said with a trembling voice, "Fangcao, this, this is all a misunderstanding. Please let the old Madam Go!"

Of course, Yun Chujiu knew that Min Shi's words were just for show. She pursed her lips and ignored Min Shi.

Min Shi could not wait for Yun Chujiu to ignore her. With a cry, she fainted.

"Mother! Mother! Are You Alright? Wu Wu, mother..."ye Bingyu shouted at the side as she "Saved"min Shi.

The corners of Yun Chujiu's eyes twitched. It turned out that this Min Shi was still a good actor. No wonder even though she had not given birth to a son for so many years, she still did not let her second uncle take in a concubine.

A room full of old ladies and maids looked at each other. If there was a clever one, he would run out to ask for help. Yun Chujiu did not mind. At worst, she could turn the Ye residence upside down. In any case, she had to take care of everything every day!

Moreover, Old Master Ye would not allow Ge Shi to act so recklessly. The interesting footage just now had been recorded!

A daughter-in-law who wished for her to die early, old master ye would only speak to her unless he had a brain.

A wife who wished to kill her granddaughter and ruin her future would only protect her unless her grandfather was kicked in the head by a donkey.
