

The Yun Family's Ninth Child is an Imp! Chapter 2297

When he saw Old Master Ye's courtyard door, housekeeper Fu finally felt relieved.

After a maid passed the message, housekeeper Fu accompanied Yun chujiu into Old Master Ye's study.

Old Master Ye waved his hand at housekeeper fu. Housekeeper fu tactfully took his leave.

Yun chujiu was surprised to see Old Master Ye's appearance. She thought Old Master Ye was an old man, but he actually looked about the same age as Mo Xiaoting, the higher the spiritual power, the better the maintenance.

As Yun chujiu sized up Old Master Ye, old master ye also sized her up. When he saw Yun Chujiu's face, he couldn't help but be shocked. She was indeed 70% similar to Lan Lan.

Thinking of Ye Lan, Old Master Ye looked a little disappointed.

Yun chujiu glanced at old master ye without changing her expression. She was a little confused. He had a complicated expression on his face. There was joy, sadness, disappointment, and anger. These emotions were not directed at her, but at her mother. Logically speaking, how could a daughter of a concubine who had been removed from the family be so important to the master of the Ye Family?

Yun chujia followed the principle of not being moved by the enemy. She just stood there obediently and did not say anything. She wanted to see what this old Fox was planning.

Old Master Ye's complicated expression only flashed past for a moment before returning to his expressionless face. It was as if it was just Yun Chujia's misconception.

"Sit down!" Old Master Ye pointed to a chair at the side.

Yun chujia naturally did not stand on ceremony. She sat on the chair, looking like a well-behaved child.

"I heard that you suffered a lot in the Qing Xuan Continent? Do you resent the Mo family and our ye Family?" Old Master Ye did not mention the matter of Ge Shi, but asked a question that Yun chujia could not answer.

"In answer to Old Master Ye, although I am an adopted daughter, the Yun family regards me as their own child and treats me very well. "As for the matter of not being able to cultivate, that is just god's training for me. There is nothing to complain about." Yun Chujia said with a faint smile.

Old Master Ye's eyes flashed with a bright light. What a sharp-tongued little girl. She did not answer his question directly. Her words seemed to be open-minded, but in fact, she used the Yun family to contrast the Mo family and the Ye family's ruthlessness.

“If I want to put you under your second uncle’s name, what do you think?” Old Master Ye said expressionlessly.

Although Yun Chujiu had already learned about this matter from the Min Shi, she was still a little surprised. It was common for step-in-law brothers or descendants of the same clan to be their children. It was really rare for such a step-in-law to marry a daughter out of wedlock.

Moreover, her mother was a step-by-step daughter who had her name removed. No matter how she looked at this matter, it felt strange.

Old Master Ye’s eyes stared intently at Yun Chujiu’s face, wanting to see her reaction. However, he was disappointed. Other than rolling her eyes, the little girl did not have any other special expression.

“Old Master Ye, I’m very grateful for your kindness. However, my father is still alive and my father’s family can still maintain their livelihood. Why did you take me into the Ye Family? According to what I know, my mother’s name was removed by the Ye family back then.” Yun chujiu raised her head and looked straight into Old Master Ye’s eyes, she said slowly.

Old Master Ye did not expect Yun chujiu to actually ask him the reason directly, he smiled. “You must know that if you are recorded under your second uncle’s name, you are the first-class family’s daughter-in-law. Regardless of whether it is for your future development or getting married, it will be of great benefit.

“As for the reason, you have the blood of the Ye family flowing in your body. Wouldn’t it be logical for you to be registered under the name of the Ye Family? “As for your father’s family, you don’t have to worry. I will send someone to inform them. They will definitely not object.”
