

The Yun Family's Ninth Child is an Imp! Chapter 2299

When Yun Chujiu heard great-grandfather ye say this, she immediately imagined a scene of the eldest daughter framing the daughter of a concubine and snatching the man of her dreams.

Damn it, if it was really ge Shi and her daughter who framed her mother, she would not forgive them!

Just as Yun Chujiu was thinking, great-grandfather ye gulped down another mouthful of tea, then he said with a stiff face, "In a few days, the LAN girl blocked that Fan Jiquan and the Wan Girl on the bed and caused a huge ruckus. She even threatened to kill this pair of them.

The fan family took a fancy to the LAN girl. Why would they marry the Wan Girl? Even if she was the daughter of the first wife, it would not work. Hence, the fan family proposed to marry the big and give away the small. That was to marry the LAN girl as the main wife and let the wan girl be the side chamber.

The LAN girl would not agree no matter what. Not only did she beat up the fan family's lobbyist, but she also beat fan jiquan half to death. Later on, she lay in bed for half a year before she recovered.

The fan family was naturally unwilling to let it go. The Lan Girl told me that in order not to implicate the ye family, she would rather be expelled from the Ye family and never appear in the Eastern Continent again."

Great-grandfather ye let out a long sigh. “When you heard this, did you feel that your mother had suffered a great injustice?”

Yun chujiu blinked her eyes and did not comment. She knew that great-grandfather ye still had a future.

Great-grandfather ye snorted coldly. “The rest of the Ye family also thought so, but didn’t they think that the LAN girl was extremely intelligent? How could she be so reckless? !

All of this was planned by Lan alone! It was she who single-handedly made Wan and Fan Jiquan get together. Her goal was to leave the Ye family.

“I didn’t expect that the granddaughter that I carefully nurtured would actually trick me. “At that time, I was both angry and sad. I could only agree to her request and gather everyone in the Ye family to remove Lan’s name.”

Yun Chujiu’s eyes were wide open. She could not help but clap her hands in praise for ye Lan. This little character was really too rare! Decisive, ruthless, and bold!

However, what Old Fox ye said was definitely not true. There was definitely some anger and sadness, but most of it was probably to protect the ye family. After all, if the fan family really wanted to pursue this matter, the Ye family would not be able to bear it, they could only abandon the pawn to protect the carriage.

Yun chujiu stood up and took out a teacup. She shamelessly picked up Old Master Ye's teapot and poured a cup of water. "Then what happened after that?"

Old Master Ye's expression stiffened, he continued, "After that, the fan family married the Wan Girl as a concubine. This incident was considered to have passed. "After a few years, I secretly sent people to inquire about the news of the LAN girl. When I found out that she had passed away, I was disheartened and did not pay attention to the Mo family's matters anymore."

Yun chujiu sipped a cup of tea and poured another. She asked with a faint smile, "Then aren't you afraid that the fan family will bring up the ye family again after you brought me back?"

Great-grandfather ye smiled and said, "It has been almost twenty years. In addition, Lan has passed away. The fan family will not come looking for trouble again."

"Moreover, Wan's fate is good. After Fan Jiquan's wife died, she was promoted. The Fan Mingchuan that she gave birth to was favored by the head of the fan family. The fan family will not bring up the past again."

Yun chujiu cursed in her heart. She said it easily. Although ye Wan had begged for mercy, it was inevitable that she would be jealous of her niece who looked very similar to ye Lan. She might have some sinister tricks up her sleeve.

Moreover, that old devout woman from the Ge Shi clearly saw her as a thorn in her side. Perhaps the person who had tried to kill her before was from the Ge Shi sect. The Ye family was not a good place either.

However, even if they did not enter the ye family, if that Ge Shi and ye Wan really wanted to deal with her, they would also make a move. It was better to use the ye family as an umbrella.

Yun chujiu thought of this and asked with a smile, "Old Master Ye, since you have already said so much, if I continue to refuse, it will appear that I am too insensible. However, I have a request, I hope that you will agree to it."
