

## The Yun Family's Ninth Child is an Imp! Chapter 2301

"Little Jiu? That sounds like a little girl from a village. It suits you quite well." Ye Bingyu thought that it would be good to change her name. Otherwise, whenever she thought of the name Mo Fangcao, she would feel uncomfortable all over and would grit her teeth in hatred.

"Sister Bingyu, tell me about the composition of the ye family so that I can be mentally prepared. After all, if I make a fool of Myself Tomorrow, our second branch will not be proud, right?" Yun Chujiu had a good point, she could quickly adapt to her new identity.

The two of them chatted as they walked. Yun Chujiu had a general understanding of the members of the Ye family.

Although the ye family was a large family, the children of the direct branch were not very prosperous.

The Old Master of the Ye family only had one son, Ye Yuanliang. Ye Yuanliang was also Yun Chujiu's grandfather.

Ye Yuanliang's wife, Ge Shi, gave birth to two sons and a daughter for him. The eldest, Ye Zhihui, married Liu Shi and had a son and a daughter, only ye Wenhong and ye bingying.

The second, Ye Zhiyong, married Min Shi and only had a daughter, Ye Bingyu.

Ge Shi's daughter was the servant girl that the old master called Wan. Her full name was ye Xinwan,

ye Lan's full name was Ye Xinlan. However, she felt that calling ye Lan sounded better, so she took the initiative to change her name to Ye Lan. Since she was favored in the Ye family, it was up to her.

Ye Lan's birth mother, the Lan family, was ye Yuanliang's side chamber. It was said that she bought it in the Furnace Hall. Therefore, even if ye Lan was favored, the LAN family's status in the mansion was very average due to their low status, later on, they fell seriously ill and lost their status.

This was probably one of the reasons why ye Lan was eliminated from the Ye family. After all, her mother was no longer around.

Lan? Yun chujiu subconsciously thought of Lan Luochen. This surname was very rare. However, the Lan family was from the Tian Yuan continent, so it should not have anything to do with her grandmother.

Ye Bingyu kissed her lips. Fortunately, Yun Chujiu's brain was good. Otherwise, she would not have been able to remember all these people.

"Oh right, MO, Little Jiu, didn't you brag about grounding that old woman for a month? Did you tell great grandfather?" Ye Bingyu asked expectantly.

Yun chujiu smiled mysteriously. "I'll know tomorrow morning. Don't worry, I've always been the most reliable in handling matters."

Ye Bingyu was skeptical, but she remembered another important matter, and her expression turned serious:

"Yun Chujiu, I know that you have a powerful backer. However, if you want to harm our ye family, I'm not done with you! Even if I have to risk my own life, I'll still kill you."

Yun chujiu could not help but sigh. Even the most detestable person had their own loveliness. This Ye Bingyu was arrogant and despotic, ruthless and merciless, but she treated her family well.

"Sister Bingyu, you are really thinking too much! From now on, I am your sister, and I am a member of the Ye family. Why would I harm the ye family? I Can't wait for the Ye family to become a super aristocratic family. I can even borrow some money from them!"Yun Chujiu said with a smile.

Ye Bingyu thought about it and agreed. She was now a member of the Ye family. She would only go against the ye family if she was mentally ill.

The two of them returned to Ye Bingyu's courtyard. Ye Bingyu was worried. Where should Yun Chujiu stay at night?

Although she didn't hate her so much now, she still couldn't accept sleeping on the same bed as her.

"I'll sleep in a side room. I'll move into Shaohua Garden Tomorrow," Yun Chujiu said with a smile.

Ye Bingyu originally wanted to live in peace with Yun Chujiu, however, she couldn't help but ask, "Yun Chujiu, is there something wrong with your brain? Let me tell you, that old woman dotes on Ye Bingying the most, and her great-grandfather and grandfather also think highly of her. Why would they let her give Shaohua Garden to you?"
