

The Yun Family's Ninth Child is an Imp! Chapter 2304

After a while, the door creaked open and old master ye walked out.

Old Master Ye was rather surprised to see them. Yun chujie said clearly, "Great-grandfather, Sister Bingyu and I have come to pay our respects to you."

The corners of Ye Bingyu's mouth twitched. Pay our respects? ! She had never heard of anyone paying their respects as a wooden stake outside? !

Old Master Ye was also stunned. "Since you're here to greet them, why don't you guys go in?"

"Great-grandfather, this is the first time I'm greeting you, so I don't know your rules, for fear of offending you. So, I'll wait outside with Sister Bingyu. Anyway, as long as you understand our filial piety, we'll be satisfied."

Everyone present was stunned!

Wasn't this guy too shameless? !

How was this a greeting? This was clearly a competition for favor. Moreover, it was a blatant competition for favor!

Although Old Master Ye had quite a few juniors and had once had the idea of fawning over him, coming over to deliver tea and pastries or come over to ask questions, this was the first time such a shameless and blatant competition for favor was happening.

Therefore, Old Master Ye was also a little stunned for a moment. He subconsciously nodded and took the lead to walk towards the meeting hall.

Ye Bingyu was already stunned. She was pulled by Yun Chujiu before she followed behind Old Master Ye in a daze.

Yun Chujiu's lowered eyes were full of light. TSK, did she really think that she was flattering him? Was being personally brought to the meeting hall by Old Master Ye the same as being foolish and waiting for comments?

Of course, it would be great if the flattery was successful.

At this moment, in the Ye family's meeting hall, Ge Shi was furious. Yesterday, she was in so much pain, but the doctor said that nothing had happened. She had been tormenting herself for half a night before the pain finally subsided, in her heart, she wished that she could kill Yun chujiu to vent her anger.

“Second brother, I’m not talking about you as a mother. Look at how your wife and Bing Yu are like! I’m already here as an elder, but they’re not here yet!”

“And that so-called Mo fangcao, she’s simply a B * Tch without any family education. Later, when your grandfather proposes to put her under your second son’s name, you definitely can’t agree to it, do you hear me?”

Ye Zhiyong said awkwardly, “Mother, the Ye family is Fangcao’s maternal family, and she has suffered so much...”

Before ye Zhiyong could finish his words, ge Shi slapped the table. “Shut up! How could I have given birth to such a useless piece of trash like you! You didn’t even dare to take in a concubine, and now you’re turning your back on others. I’m so angry! Aiyo, my head hurts...”

Ye Zhiyong immediately panicked when he heard Ge Shi’s Cry, and he didn’t know what to say.

Ye Zhihui’s wife, Liu Shi, said while massaging ge Shi’s temple, “Mother, don’t be angry. Second Brother will definitely listen to you. There’s no reason for him to make his mother angry for some unknown little girl? “Besides, that Mo Fangcao is really too outrageous. Not only does she look down on you, I heard that she even wants to drive Bing Ying out of Shaohua Garden!”

“Nonsense! How can a cheap bastard like her compare to Bing Ying? ! If we let her live in Shaohua Garden, the old woman will be the first to disagree!” Ge Shi said angrily.

Liu Shi gave a look to the woman in white at the side. The woman in white immediately said, “Grandmother, Shaohua garden was Aunt Lan’s Courtyard to begin with. If she insists, I’ll give it to her.”

Ge Shi became even angrier when she heard that. “Don’t even think about it! Unless I die, that B * Stard will never chase you out of Shaohua Garden!”

Liu Shi and ye Bingying exchanged a look. An outsider B * Stard still wanted Shaohua Garden? It was simply wishful thinking!
