

The Yun Family's Ninth Child is an Imp! Chapter 2306

"Get Up!" Great-grandfather ye nodded his head in gratification. This little ninth girl was really sweet-talking.

Yun chujju stood up, but she blinked her eyes and did not say anything.

Great-grandfather ye thought to himself that this child looked quite smart, but why did she suddenly become stupid? He could only cough dryly. "Greet your grandfather!"

Yun chujju used her hand to tug at the corner of her clothes and said somewhat bashfully, "Great-grandfather, are you not satisfied with me? Is there something I did wrong?"

Old Master Ye was stunned. "Where did you say that from?"

"Great-grandfather, I heard that the first time I pay my respects to an elder, the elder would reward me with a meeting gift. Why Don't you reward me? Do you not like me?" Yun Chujju's eyes were slightly red as she said in an aggrieved manner.

Everyone's faces were stiff. This was a blatant request for a gift!

Wasn't this guy too shameless? !

Old Master Ye was stunned. His wife had passed away long ago, so no one reminded him about these trivial matters.

Hearing Yun Chujiu say this, his old face blushed. He reached out and took out a small umbrella. "I wasn't thoughtful about this matter. I'll give this Golden Light Sky umbrella to you!"

Everyone in the Ye family was shocked. Ye Zihui said exasperatedly, "Grandfather! This Golden Sky umbrella is a high-grade defensive immortal artifact. How can you give it to her? !"

Yun Chujiu's eyes flashed. This uncle of hers was obviously not something! ! If you don't give it to me, do you think I'll give it to you? ! Shameless!

Ge Shi was obviously very dissatisfied with this, but she didn't dare to say anything. She only stared at Yun Chujiu viciously. If her gaze could kill, Yun chujiu would probably be a sieve.

Great-grandfather ye looked at ye Zihui unhappily. "Why is it inappropriate for me to give the Golden Light Sky umbrella to Little Jiu?"

Ye Zhihui felt that he had lost his composure just now, he stood up and said respectfully, "Grandfather, I don't have any other intentions. It's just that the Golden Light Sky umbrella is a high-grade defensive immortal artifact that is too valuable. Little Jiu's spiritual power is also too low. This is like a child holding gold in the market. If it brings disaster, it won't be good."

Great-grandfather ye felt that what ye Zhihui said made sense. He wanted to put the Golden Light Sky umbrella into his storage ring and exchange it for another gift when he heard Yun Chujiu's crisp voice:

boxn ov el. c o m

"Thank you, great-grandfather, for your gift. Don't worry, I'll definitely keep it well. I'll only take out this golden light sky umbrella unless my life is in danger.". "I believe that no outsiders will know about this matter. After all, no one in this room will tell anyone else."

Great-grandfather ye laughed and scolded, "Alright! It seems that we can't Refuse This! Take it!"

"Thank you, Great-grandfather!" Yun Chujiu took the Golden Sky umbrella and kept it into her storage ring. She cursed in her heart. What the F * ck, how could the fat in her mouth make it fly away? !

Although ye Zhihui's expression was normal, he was extremely dissatisfied with great-grandfather ye. Back then, he had doted on Ye Lan. It was not easy for ye Lan to die, and now he doted on this little B * Stard. He was really old and muddle-headed!

Yun chujiu did not care what he was thinking in his heart. She greeted ye Yuanliang with a smile.

With Old Master Ye taking the lead, Ye Yuanliang naturally would not be empty-handed. He rewarded Yun chujiu with a low-grade defensive immortal artifact.

Although Ge Shi and the others were extremely envious, they did not dare to say anything. Each and every one of them still gritted their teeth and rewarded Yun chujiu with a greeting gift.

When it was ye Bingying's turn, Ye Bingying said with a faint smile, "Little Sister Jiu, I know that you've suffered a lot in the past, but our ye family is a first-class family, so you can't be so narrow-minded. You have to change in the future."
