

## The Yun Family's Ninth Child is an Imp! Chapter 2307

Ge Shi could not help but feel satisfied in her heart. Bingying was indeed intelligent. In any case, they were sisters of the same generation, so it would not be too much to say anything. It was just the right time to humiliate this cheap bastard, making the old master dislike her.

Ge Shi and the others gloated as they looked at Yun Chujiu. Ye Bingyu could not help but worry for Yun Chujiu in her heart. It was over, it was over. Although she had obtained something, her great-grandfather would probably not like it if ye Bingying talked about it.

Old Master Ye picked up the Teacup and drank the tea. It was obvious that he did not intend to make a sound. He wanted to see how Yun Chujiu would deal with it.

For a moment, other than the sound of old master ye drinking tea, there was complete silence.

Yun chujiu widened her eyes and looked at Ye Bingying in shock, then, tears fell one by one. "Sister Bingying, you, how can you say this to me? Although I have lived in the Qing Xuan continent for many years, I have never had to worry about food and clothing.

Moreover, after returning to the Mo family, I helped my grandfather think of many ways to earn money. Usually, the pocket money that my grandfather gave me was tens of millions of high-grade spirit stones. I didn't lack money at all.

The reason why I accepted these gifts was because I wanted to obtain the recognition of my relatives. Could it be that you guys didn't like the gifts that I gave you? Could it be that you guys gave them to me out of charity? ! Could it be that you guys treated me as a beggar? !

Since that's the case, you guys can take these gifts back. I don't dare to take them anymore!"

As Yun Chujiu spoke, she returned the gifts she received from her storage ring to everyone one by one, she said stubbornly, "Although I, Yun Chujiu, don't have high spiritual power, I have my mother's pride. In the future, I won't ask for a single spiritual stone from the Ye family! In the future, I will pay the spiritual stone for everything I eat, wear, and use."

PA!

Old Master Ye slammed the table, "Little Jiu, what are you doing?" He scolded? ! The elders would not refuse. Quickly put away the gifts ! Since Little Jiu has already been recorded in the name of the Ye family, she is a member of the Ye family. In the future, if anyone says anything else, the family will punish them!"

After Old Master Ye said that, he shot a cold glance at Ye Bingying. Ye Bingying's face flushed red and her hands were tightly clenched. She had always been the most favored among the younger generation of the Ye family. Who would have thought that this little B \* Tch would not only covet Shaohua Garden, but also.., he even made great-grandfather dislike her. It was really detestable.

Yun chujiu pursed her lips and could only put the gift back into her storage ring. Humph, she did not really intend to give it up in the first place.

With great-grandfather Ye's final decision, the matter of the meeting gift was over. Great-grandfather ye pointed at the seat next to ye Bingyu and said, "Little Jiu, you can sit next to Bingyu from now on!"

Yun chujiu nodded obediently and then glanced at Old Master Ye. She wanted to say something but hesitated. In short, it was as if she wanted to say something, but if you don't want me to say it, then I won't say it.

"Little Jiu, do you still have something to say?" Old Master ye frowned and thought to himself, this little jiu has too many things to say. So what? He was a little unhappy in his heart.

Yun chujiu bit her lips and stomped her foot. "Great-grandfather, I originally didn't want to say it, but since you've asked, I'll have to say it even at the risk of offending someone."

Just now, Sister Bingying said that our ye family is a first-class family and is second to none in the eastern continent. "However, since it's a big family, it should have the rules of a big family. Otherwise, if outsiders see it, they'll definitely laugh at our ye family for not understanding the seniority of elders and having no rules."

Ge Shi had already endured for half a day. Now, she really couldn't endure it anymore. She angrily said, "Your father's family is nothing more than a distant branch of a third-class family. He actually said that our ye family doesn't have rules. What a joke!"
