

The Yun Family's Ninth Child is an Imp! Chapter 2308

Yun chujiu looked at Ge Shi aggrievedly. "Grandmother Ge, what do you mean by your ye family? Am I not a member of the Ye Family? My father's family's status is low. Do I not even have the right to make suggestions?"

Ye Yuanliang was already filled with anger. He glared fiercely at Ge Shi. "Shut up! Little ninth girl, just say it."

Ge Shi endured it and did not say anything. She knew that Old Master Ye did not rub the sand in his eyes. If she made a scene, old master ye would not let her off.

Yun chujiu then continued, "This seat is definitely arranged according to seniority. Then why is Sister Bingying sitting at the head of second aunt? Could it be that Sister Bingying is even more honorable than second aunt?"

Once Yun Chujiu's words came out, everyone's gaze focused on Ye Bingying. That's right, why would a junior like her sit at the head of the Min Shi?

Liu Shi was shocked. She naturally knew that ye Bingying sitting like this was against the rules. However, Old Master Ye's wife had passed away long ago, and the inner residence was headed by Ge Shi. Thus, she was happy that her daughter was suppressing the Min Shi, she did not expect that she would be pointed out by this little B * Tch today. What should she do?

Ye Bingying felt as if she was sitting on pins and needles at this moment. Her face flushed red. Just now, she was still lecturing Yun Chujiu for having shallow eyelids and losing the face of the Ye family. But now, she was slapped in the face in the open.

Ge Shi snorted coldly. "You can't blame Bingyu for this. The second daughter-in-law's health isn't good, so she rarely goes to greet me. Therefore, Bingying is used to sitting next to the eldest daughter-in-law. She can just change it in the future."

Ye Bingyu was about to explode from anger!

This old woman was simply lying through her teeth!

Rarely went to greet her? When did her mother not go and set rules?

Ye Bingyu was about to speak when Min Shi held her hand and motioned for her not to say anything. Ye Bingyu could only remain silent in anger.

Although Old Master Ye did not understand the matters of the inner residence, he was well aware of some things. He sighed. "Ge Shi, your mother-in-law passed away in the early years. Thus, you've been in charge of the Ye family for the past few years. It's hard work even if you haven't contributed much.

However, in recent years, you have become more and more outrageous! There are some things that I, as a father-in-law, can not say out loud. You should go back and reflect on it! Leave the matters of the inner residence to Liu Shi for the next two months!”

Ge Shi could not believe her ears. Old Master Ye had actually grounded her for two months?

She stood up and asked sharply, “Old Master, daughter-in-law thinks that she is hardworking and thrifty. What did she do wrong? Even if Bingying’s seat is a little inappropriate, it is not to the extent of grounding daughter-in-law for two months, right?”

Old Master Ye looked at her coldly. “Ge Shi, as long as I’m not dead, this family is still under my control! If you want to say more, leave Zhonglu to Liu Shi in the future!”

A trace of joy appeared at the corner of Liu Shi’s eyes. She wished that Ge Shi and Old Master Ye would start arguing. That way, she would be able to obtain the authority of the housekeeper.

Unfortunately, although Ge Shi was domineering and vicious, she still had a brain. When she heard Old Master Ye’s words, she knew that old master ye had heard what she said yesterday. Thus, she sat down embarrassedly and did not say anything.

Old Master Ye swept a glance at ye Bingying again. Ye Bingying's face flushed red. She swapped seats with Min Shi and hated Yun Chujiu to death in her heart.

The atmosphere in the room was very oppressive for a moment. Only the culprit, a certain jiu, was rolling her eyes. There was still one big thing that she had not done yet, and that was Shaohua Garden!

Shaohua garden was her mother's courtyard. No matter what, she had to take it back. She would not be able to see her mother anymore. At least she could still remember her mother.
