

## The Yun Family's Ninth Child is an Imp! Chapter 2310

At this moment, Yun Chujiu continued, "However, it would be unreasonable to chase Sister Bingying out because of me.

"Even though Shaohua Garden was designed by my mother, even though every blade of grass and tree was planted by my mother, and even though you once said that Shaohua Garden would always be kept for my mother, the rules are dead, and people are alive.., "It's a waste to leave such a large courtyard empty."

Old Master Ye's face was a little uncomfortable. He did say that Shaohua Garden would always be kept for Ye Lan, and that even if Ye Lan got married, no one else would be allowed to live in it. However, after Ye Lan's accident and so many years had passed, Ye Bingying urged Ge Shi to let her live in it, so he did not say anything.

However, now that Lan's daughter had returned, Shaohua Garden should have let her live in it. It was just that it was a little awkward to kick Bingying out just like that.

At this moment.., Yun Chujiu continued, "Great-grandfather, I'm a reasonable person. Although Sister Bingying forcefully took over my mother's courtyard, I don't blame her. "If she really likes Shaohua Garden, I'll stay in the main house in the future and leave a side room for her. "Anyway, I spend most of my time in Xingtian Academy, so I won't hold anything back.

"Great-grandfather, I don't have to argue with her. I, I haven't seen my mother before, so I want to see where my mother used to live. It can be considered, it can also be considered to be a reminder of her."

Yun Chujiu's tone became lower and lower, and in the end, there was already a hint of crying.

Hearing Yun chujiu say this, old master ye could not help but feel a little down, and the unhappiness in his heart also vanished into thin air.

This child was a filial child, and since the LAN girl knew about it, it was time to console her!

Ye Yuanliang had always felt guilty towards ye Lan, but now hearing Yun chujiu say this., he said to old master ye, "Father, Shaohua garden was originally LAN's courtyard. Now That Little Jiu is back, she should be staying in Shaohua Garden. Let bingying choose another courtyard."

Ye Bingying almost screamed. Grandfather was too biased! Although Shaohua garden was originally Aunt Lan's courtyard, she was married after all. That Little B \* Stard's surname was not ye. She, Ye Bingying, was the proper eldest daughter of the Ye family!

Ye bingying bit her lips tightly and looked at Old Master Ye. She did not believe that old master ye would be so biased. After all, the Ye family's reputation still depended on her.

Old Master ye frowned and felt some regret in his heart. It would have been better if he had not mentioned Shaohua Garden back then. But now, he had a great-granddaughter and a great-granddaughter. who was going to live there?

Ye Bingying saw that old master ye did not speak, and her heart was a little flustered, she stood up and said, "Great-grandfather, I've been living in the main house of Shaohua garden all these years. I'm already used to cultivating there. It looks like next year will be the time for the primordial chaos sect to recruit disciples. If I suddenly change to another courtyard, it will definitely delay my cultivation."

Ye Bingying's meaning was very clear. If she changed the room and changed the courtyard, it would affect her cultivation. Who knows, she might not be able to enter the primordial chaos sect.

Hearing Ye Bingying's words, Ye Yuanliang, who was originally firm in his attitude, revealed a hesitant look. Entering the primordial chaos sect was a big matter. If it was really delayed because of changing courtyards, then it would really be a small loss.

A smug look flashed across ye Bingying's eyes. B \* Tch, you still want to fight with me? You're simply overestimating yourself. Do you think you're the Ye Lan from back then? You are just a waste!
