

The Yun Family's Ninth Child is an Imp! Chapter 2311

Old Master ye frowned and looked at Yun Chujiu. The meaning in his eyes was very clear. He hoped that she could put the big picture first and not compete with Ye Bingying for Shaohua Garden for the time being.

Ye Bingyu could not help but sigh in her heart. Although this Yun Chujiu was full of bad ideas, Ye Bingying was going to enter the outer sect of the primordial chaos sect. There was an 80% chance that Yun Chujiu would not have a chance.

Just when everyone thought that Yun Chujiu would know the difficulty and retreat., yun Chujiu said to Ye bingying with a smile, "Sister Bingying, it's not right for you to be like this! How can a cultivator be easily disturbed by the outside world? If you can't even withstand this little bit of interference, how are you going to pass the Primordial Chaos Sect's test?"

"Originally, I wanted to let you stay in a side room in Shaohua Garden. Now that I see you, you might as well move to another courtyard. Otherwise, won't you have no way to cultivate when you arrive at the Primordial Chaos Sect? !

"The heavens really blessed me to return to the Ye family. Otherwise, Sister Bingying, your efforts will definitely go down the drain. You'd better quickly adjust your attitude. Otherwise, this primordial sect's test will be difficult to handle!"

Ye Bingying never dreamed that Yun Chujiu would say such a heresy. For a moment, she was actually speechless.

Old Master Ye was stunned, but he was shrewd and experienced. He immediately understood that the lass Bingying should have said an excuse just now, but this little ninth girl was too shrewd. She simply made a mistake and made her speechless.

“What little ninth lass said makes sense. Bingying, you’re still too impetuous! I’ve said before that Shaohua Garden is the Lan Lass’s blood and sweat. Even if she gets married, you have to keep it for her.

Forget about the past. Bingying, you move out immediately. From now on, Shaohua Garden is little ninth Lass’s. Liu Shi, arrange another courtyard for Bingying and arrange it properly. Don’t be afraid of spending money.”The reason Old Master Ye added the last sentence was to appease ye Bingying.

Unfortunately, Ye Bingying did not appreciate it at all. Her eyes were red as she ran out with her hand covering her mouth!

Great-grandfather ye frowned. Although Bingying’s aptitude was not bad, it was too smooth. She was actually thrown into disarray by such a small setback. It was truly too embarrassing to use! Not to mention compared to that lass LAN from back then, even she could not compare to this little jiu. It was really disappointing.

Although Liu Shi resented old master ye for being biased, she added, “Old Master, Bingying recently encountered a bottleneck in her cultivation, so she’s unstable. Please Don’t blame her for being rude.”

Old Master Ye waved his hand. "All of you can leave. Yuanliang, stay."

Everyone bowed and took their leave. Only Ye Yuanliang stayed.

"What do you think about today's matter?" Old Master Ye took a sip of tea and asked ye Yuanliang.

"Little ninth girl has a sharp tongue and is quite intelligent. She is even smarter than Lan Girl, but her spiritual power is a little lower. Moreover, she has a heavenly lightning spiritual root. Although she hasn't been killed by Tian Dao, it's hard to say what will happen in the future. So even if she has some tricks and tricks, father, please bear with her."

Although ye Yuanliang wasn't as shrewd as the old master, he was still brought up by a first-class family, so he was still able to see things clearly.

"You're right. Little ninth is much more tactful than little LAN back then. She can bend and stretch. It's probably because of her environment. Sigh, I'm really a little disappointed in Bing Ying.

"If it weren't for little ninth causing such a ruckus, I wouldn't have discovered that her personality is so impetuous. If she doesn't change, even if she enters the outer sect of the primordial chaos sect, she'll still suffer sooner or later.., she might even implicate our ye family," old master ye said rather disappointedly.
