

The Yun Family's Ninth Child is an Imp! Chapter 2312

"Father, what you said makes sense. Then next..."Ye Yuanliang looked at Old Master Ye.

"Let the little ninth girl sharpen the Ice Shadow Girl's character! If she grinds it well, then it's a treasured sword unsheathed. If she grinds it badly, then it's a useless sword. "Even if it's useless, it's still better than going to the primordial sect and implicating our ye family in the future."Old Master Ye was the head of the Ye family, naturally, he was decisive in killing.

"Then what are your plans for the Little Ninth Girl?"

"We'll see first. If it's just some petty tricks, then just like Bingyu, we'll find a suitable family to marry in the future. If, if it's a good sword, it'll be unsheathed sooner or later,"Old Master Ye said in a deep voice.

Ye Yuanliang heaved a sigh of relief. He thought that Old Master Ye had other plans for bringing Yun chujia back, but now that it seemed like it wasn't, he was finally relieved.

..

Ye Bingying returned to Shaohua Garden and threw a tantrum.

At this moment, Liu Shi walked in through the curtain. "Bingying, what are you doing? ! There are plenty of ways to deal with that Little B * TCH. Why Are You So Angry?"

"Mother! I've never been treated like this. Not only did she make me lose face, she even chased me out of Shaohua Garden. I wish I could kill her,"ye Bingying said viciously.

"Silly girl, if you really kill her, both your great-grandfather and grandfather will be unhappy. Even if you enter the primordial chaos sect, don't you still have to rely on the ye family for your cultivation resources? "Offending them won't do you any good."Liu Shi pointed at ye Bingying's forehead with her finger, "What are you doing?"She said reproachfully.

"Mother, then let that little slut be so arrogant? I really can't take this lying down!"

Liu Shi smiled coldly. "If you want to harm someone, you don't necessarily have to kill her. That's the best way. Living a life worse than death is the worst! "Besides, your grandmother hates that little slut to death, so she will naturally make a move. Let's just wait and watch the show."

"No! Mother! Grandmother is grounded for two months! I Can't take it anymore. If I don't teach that slut a lesson, I won't be able to calm down and cultivate. "Mother, I know that you have the most ideas. Help me teach that B * Stard a lesson!"

Liu Shi was taken aback. She did not expect that B * Stard to become Bing Ying's Inner Demon. Indeed, Bing Ying had always been successful. She had never suffered such a huge loss. If the Inner Demon was

not removed, there would definitely be shackles in her cultivation, it seemed like she had to think of a way to teach that B * Stard a lesson.

“Bing Ying, don’t bother about this matter. Just focus on your cultivation and leave it to mother to handle.”Liu Shi’s eyes flickered with a cold light as she said to Ye Bingying.

Ye bingying nodded. She knew that her mother was a powerful person. Otherwise, she wouldn’t have made her grandmother displeased with Min Shi.

Liu Shi had just left when Yun chujiu dragged ye Bingyu over.

This person was narrow-minded. She was afraid that Ye Bingying would destroy Shaohua Garden’s things when she moved. This was her mother’s hard work. She had to watch it with her own eyes before she could be at ease.

Ye Bingying wished that she could kill her. Naturally, she would not talk to her. She only instructed her maid to start packing.

Yun chujiu did not have the time to bother with Ye Bingying. She looked carefully at Shaohua garden and thought that it was indeed different from other courtyards.

Not only was the area bigger, but the decorations were also quite exquisite. It could be seen that ye Lan had put in a lot of effort in the past.

What Yun Chujiu liked the most was that there was actually a spirit peach forest in the southeast corner of the courtyard. It was the season when the flowers bloomed. The Breeze blew over the petals and fell down. It really matched the name of Shaohua Garden. Youth was fleeting.

In such a short moment, Yun Chujiu did not like the name of Shaohua Garden. This name was too unlucky. No wonder her mother had already lost her virginity. No matter what, she had to change the name.

The Little Black Bird in the spiritual beast bag rolled its eyes. Xiao Heiniaoyang did not like other people's names. Her name might not be that weird!
