

The Yun Family's Ninth Child is an Imp! Chapter 2314

When Min Shi heard Yun chujiu say this, she sighed. "You're right. It's just that if you put up with it a little, perhaps they're just torturing you and won't have the intention to kill you. I'm afraid they already have the intention to kill you now."

"Second aunt, there are some things that can't be put up with. You've put up with it for so many years. What's the result? Didn't Ge Shi Still Bully You for no reason?"

If you don't have the right to speak, I'm afraid that in the future, Little Sister Bingyu's marriage will still be in their hands. Second aunt, are you willing?"

Min Shi's expression suddenly changed. "Old Master and father-in-law won't allow them to do whatever they want."

Yun chujiu sneered. "Second aunt, you're a smart person. Just like you told me just now, great-grandfather and the others are men. They won't consider everything thoroughly."

It was too easy for GE Shi to use a little trick! If it was already done, great-grandfather wouldn't say anything even if he knew that Sister Bingyu was married to a man. He would do it for the benefit of the Ye family. The mother and daughter could only swallow their anger.

If sister Bingyu's marriage could be exchanged for a certain amount of benefits and help ye bingying gain a better foothold in the Primordial Chaos Sect, who do you think great-grandfather would help?"

Min Shi's face was deathly pale. Although she had always lied to herself, as long as she endured Ge Shi's torture, she would not make things difficult for Bingyu. However, Yun Chujiu's words had punctured her delusion.

She knew that what Yun Chujiu said was true. Back then, Ye Lan was so favored. In the end, didn't he still agree to the fan family's marriage without her consent? !

If ye Bingyu's marriage could really help ye bingying gain a foothold in the primordial chaos sect, Old Master Ye would definitely abandon ye Bingyu.

Ye Bingyu saw that the Min Shi's face was deathly pale and glared at Yun Chujiu. "Don't scare my mother. I'm not dead. When the time comes, I won't agree. Don't tell me you're really going to kidnap me?"

Yun Chujiu was angry and happy. This ye Bingyu was really naive. In a sense, Yun chujiu really envied her. The reason why she was so heartless was because the min shi protected her too well.

"Sister Bingyu, when the time comes, I won't kidnap you, but I will make second uncle divorce second aunt to blackmail you. Moreover, maybe Ge Shi will think of some sinister methods to force you to submit, such as cooking cooked rice and the like."

Although ye Bingyu still said that she wouldn't, she already believed it in her heart. If Ge Shi really used the Min Shi to blackmail her, she would definitely obediently get married.

For a moment, the mother and daughter of the Min Shi fell into a state of panic. Yun chujiu sipped her tea and didn't speak.

After a long while, the Min Shi gritted her teeth. "Little Jiu, tell second aunt. Do you have a way to solve this predicament?"

Yun chujiu put down her teacup, she said with a smile, "Second aunt, this is indeed a dead end. The eldest son has a legitimate son. Furthermore, cousin Wen Hong can be considered a qualified heir. Therefore, in the future, the Ye family will most likely be the eldest son.

Since the eldest son is in charge, then eldest aunt and ye Bingying will naturally be full of confidence. They won't show mercy when they exchange our second son for benefits."

Ye Bingyu was anxious. "Aren't you talking nonsense? ! Mother, she only knows how to talk. If you can't think of a way, what can she do? !"

Min Shi waved her hand. "Little Jiu, second aunt knows that you're smart. Since you pointed it out, there must be a way to solve it. As long as you help second aunt solve this dead end, second aunt will treat you as her own child in the future."
