

The Yun Family's Ninth Child is an Imp! Chapter 2315

Yun chujiu knew that the Min Shi was planning to surrender, but this was far from enough. Only common interests were the most stable alliance.

“Second aunt, there is only one way to break this deadlock. That is to make sister Bingyu’s value greater than ye Bingying’s. This way, great-grandfather and the others will naturally not allow Ge Shi to do whatever she wants.”

Ye Bingyu’s eyes were originally wide open as she listened, hearing Yun Chujiu’s words, she was instantly discouraged. “This is the same as not saying anything! “I still have self-awareness. My aptitude is far inferior to ye Bingying’s. How can I be better than her? “Not to mention the outer sect of the primordial chaos sect, I can’t even pass for a handyman.”

“As long as you listen to me, I can guarantee that you can pass for the primordial chaos sect. Although I can’t guarantee that you’ll be an inner sect disciple, the outer sect will still have no problems,” Yun Chujiu said shamelessly.

This fellow had always had this kind of mysterious confidence. No matter what, forming an alliance first was more important. Otherwise, she would be too easily schemed against by the ye family. Min Shi was a shrewd person. With this spy, she could save a lot of trouble.

Ye Bingyu simply scoffed. “Forget it! You’re already boasting to the heavens! What kind of place do you think the Primordial Chaos sect is? Not to mention us, even the top few on the Academy’s ranking list would be lucky to be able to get into the outer sect.”

“It’s up to you whether you believe it or not. In any case, I feel that other than this method, there is no other way to break the deadlock. Even if second aunt gave birth to a younger cousin for me, she would still not be able to beat Big Fang.”

Min Shi’s face turned red. She thought to herself that this little jiu was really outspoken. What she said was not too reliable. Although Bingyu’s aptitude was not bad, she could not be compared to ye bingying. It was as difficult as ascending to the heavens if she wanted to be admitted into the primordial chaos sect.

Yun chujiu saw that Min Shi lowered her head and did not speak, she decided to add fuel to the fire. “Second aunt, I know that you think that I’m just spouting nonsense. This primordial chaos sect’s entrance test doesn’t have a spiritual power level, right? I’m only at the first level of the Ling Xuan Realm, but didn’t I also get into Xingtian Academy? ! This entrance test relies on my brain!

Besides, it doesn’t matter if I go and try. In any case, next year will be the time for the primordial chaos sect’s entrance test. You can take your time to think about it. There’s no rush.”

Min Shi thought about it and it made sense. Anyway, there was still a year’s time. Perhaps she could find another good method during this period. Fortunately, in the immortal Yuan East Continent, women were married at a relatively late age. For the time being, Ge Shi would not have any ideas about Bingyu’s marriage.

The three of them chatted for a while more before Min Shi and ye Bingyu left.

Although Liu Shi hated Yun Chujiu to the core, she still managed to keep up appearances. Not only did she send over brand new daily necessities, but she also sent four maids and two old ladies to Yun Chujiu.

Yun chujiu was not stupid. She knew that these people must be Liu Shi's people. However, she was going back to the academy the next day, so she was too lazy to waste time with them.

Yun chujiu looked at every room. Even the side rooms were exquisitely designed. It could be seen that ye Lan had put in a lot of effort in the past.

Yun chujiu lay on the bed. It was the first time she felt so close to her mother. Although her mother had lived in the Mo family's old mansion, for some reason, she felt that this place was more intimate. Perhaps it was because ye Lan had lived here for a longer time.

In the afternoon, Ye Bingyu accompanied Yun chujiu around Ye city. Yun Chujiu bought some food and small items to give to Jin Zhi and Xue Wuji after she went back.

At night, Yun Chujiu was on high alert. She deliberately let Xiao Hei stay up at night, afraid that the maids and women would do something bad.

However, she did not expect that the night was peaceful and nothing happened.
