

## The Yun Family's Ninth Child is an Imp! Chapter 2318

Although Xiao Hei could dig holes, the inside of the mountain was burning hot. If Xiao Hei were to be released, it would be burned into charcoal.

In a few days, the temperature in the mountain would not drop. How could they get out?

Yun Chujiu wanted to use the sudden rupture talisman, but she was worried that if she did not control it well, she would be the unlucky person who buried herself alive.

Yun chujiu could only take out a rolling pin and knock around, wanting to see where it was weaker. Then, she used a small needle of spiritual power to try. After all, the accuracy of the small needle of spiritual power was higher.

When Yun Chujiu was knocking around, she strangely discovered that the sound of knocking could also be heard from the other side of the rock wall.

Could it be that there was still a living creature on the other side of the rock wall?

Yun chujiu did not think that this was good news. She was basically at the bottom of the Immortal Essence East Continent. If she were to encounter a cultivator with high spiritual power or a high-level demon beast, it would be simply courting death.

Yun chujiu did not dare to knock anymore. She did not expect that the knocking sounds outside were becoming more and more frequent. There was even the sound of rocks falling.

It seemed to be the sound of something's claws scratching the rocks. Yun Chujiu's head buzzed. It must be a demon beast! And it was a high-level fire-type demon beast!

She wanted to run, but where could it run to in the mountain? The creature gritted its teeth and hid behind a protruding rock. It secretly put on a gas mask.

F \* ck, when that thing showed its head, it would greet it with chili flour and then blow it to death with a small needle of spiritual energy.

Not long after, a basin-sized hole appeared in the rock wall. A Demon Beast's claw reached in. Yun chujiu saw that the claw was covered with fiery red long fur under the dim light.

Yun chujiu couldn't help but complain in her heart. The Claw was as big as a basin. This Demon Beast's size was definitely not small.

Along with the sound of the rock falling, the hole became bigger and bigger. A Huge Demon Beast's head poked in.

Yun Chujiu's eyes narrowed. She finally recognized the species of this demon beast. It was actually a level 45 fire eating xiu.

Yun chujiu counted with her fingers. Level 45 was equivalent to the fifth to sixth level of the spiritual space of a human cultivator. F \* ck, it was really deadly!

Fire Eating Xiu often appeared near volcanoes. Their food was the rocks that were burned by the Earth's core fire. This fire eating xiu must have sensed the abnormality in the belly of the mountain and wanted to come in to investigate.

Although the Fire Eating Xiu's main food was the rocks that were burned by the Earth's core fire, it did not mean that it did not eat humans. Perhaps it wanted to change its taste today. Moreover, Yun Chujiu had already absorbed all the flames that it relied on to survive, it would be strange if it did not kill her.

Although the Fire Eating Xiu's huge head had entered, its body parts were still stuck in the hole. It was obvious that it was too impatient and wanted to poke its head in to see what was going on.

Yun chujiu knew that this was the only chance for her to win. She suddenly jumped forward and sprinkled the chili dough in her hand at the Fire Eating Xiu. She also shot a small purple needle at the Fire Eating Xiu's seven orifices.

Yun Chujiu thought that she would succeed in her sneak attack. However, she did not expect that although the chili dough was effective, the effect of the small needle of spiritual power was very limited. After the explosion, it did not cause any damage to the fire eating xiu.

However, it angered the Fire Eating Xiu. It used its claws to expand the hole and jumped in.

Yun chujiu was so scared that she quickly threw another big bag of chili dough. However, this time, the Fire Eating Xiu was prepared. The long hair on its neck suddenly expanded and covered its head. Moreover, it spat a huge ball of fire at Yun Chujiu.
