

The Yun Family's Ninth Child is an Imp! Chapter 2319

Yun chujiu was overjoyed!

Big Sister has the fire repelling pearl, so why would she be afraid of your broken fireball? However, this fireball was too big, and it would cause internal injuries if it hit the body, so it was better to avoid it.

Fire Eating Xiu also discovered that Yun Chujiu was not afraid of fire, but that was also true. This stinky girl was hiding in the belly of the mountain, so she was definitely not afraid of fire. Perhaps the fire marrow was stolen by her, she really deserved to die!

Although Yun Chujiu was not afraid of fire, she still needed to move around to avoid the fireball. Moreover, this fire eating Xiu's body was extremely strong. Its sharp claws and barbed tail had great lethality.

In addition, the ground in the belly of the mountain was uneven, so it did not matter if she had four legs. However, a certain jiu with two legs had suffered, and she would stumble from time to time.

Yun Chujiu felt that the best plan for now was to escape thirty-six times.

She had already felt it. The wind that blew in from the cave entrance was cold. She guessed that she would be outside once she got out.

As long as she sat on the chopping board outside, she would be able to escape. The Key was how to escape?

Yun chujiu had thought of using the small flame to attack, but since the Fire Eating Xiu dared to break into the mountain, the small flame's damage to it was probably limited. Moreover, if the small flame was exposed, it might bring even greater trouble.

It seemed like she could only use the little black bird's curse. However, she had to calculate the timing and location well. There was only one chance, so she could not make the slightest mistake.

In fact, this fellow had the jade token given to her by di beiming and the Golden Light Sky umbrella given to her by Old Master Ye. It could withstand two attacks from the fire eating xiu. However, this fellow was a money-grubber. She was reluctant to use it as a last resort, this was a life-saving item.

"I say, Little Cat, How Old Are You? Why are you so weak?" Yun Chujiu said with a smile.

The Fire Eating Xiu roared a few times. You are the F * cking cat! You are the weak one! You little weakling!

Yun chujiu kept chattering non-stop. The Fire Eating Xiu was getting more and more irritable. A glimmer of light flashed in Yun Chujiu's eyes. It was now!

The Fire Eating Xiu suddenly stumbled. Immediately after, a large sack of chili was thrown at it. The Fire Eating Xiu used its long hair to protect its eyes, but it also gave Yun chujiu time to escape.

Yun Chujiu suddenly jumped out of the hole. She couldn't help but be happy. She had really reached the outside. This fellow quickly called out the chopping board and sat on it. When it flew more than a hundred feet high, the Fire Eating Xiu jumped out.

Yun chujiu curled the corner of her mouth and threw a large pile of super-grade burst talismans at the fire eating xiu. Although she knew that these burst talismans could not kill the fire eating Xiu, it was not a bad thing to disgust it.

The sound of explosions and the Fire Eating Xiu's angry roar could be heard continuously from below. Yun chujiu shouted to the people below, "Little Cat, Big Sister is leaving! We will meet again in the future!"

Just as Yun Chujiu was showing off, she suddenly felt goosebumps all over her body. She saw two huge demonic birds flying towards her from afar.

Damn it!

She was not a monk's flesh, how could she be so unlucky? ! When she was flying on the spiritual artifact, she did not see any demonic birds attacking her!

Yun chujiu looked again and saw that the demonic birds had three eyes and their tails were purple. She was so angry that she wanted to hit the wall. These two were also level 45 demonic birds, three-eyed purple-tailed iron-clawed eagles.

F * ck!

She was dead for sure!

One of them might be able to command the chopping board to escape, but if there were two of them, how could they survive? !

Yun Chujiu weighed the pros and cons and could only land bitterly. She waved her claws at the fire eating Xiu who had been blown up into curly hair. "Hi, we meet again! What a coincidence!"
