

## The Yun Family's Ninth Child is an Imp! Chapter 2323

At this moment, the entire ye family was in a state of silence.

With such a big incident, the grounding of the Ge Shi was no longer necessary. However, the power of the housekeeper was still in the hands of the Liu Shi.

It was the first time that the Liu Shi was in power. Naturally, she wanted to show off, so she was very efficient. Not only had she finished purchasing all the funeral supplies, but she had also sent people to send letters to the various families yesterday afternoon.

As for the cause of Yun Chujiu's death, it could not be said that she had died from the fire because she wanted to be convenient. If she were to say that, it would probably make people laugh their heads off.

The Ye family's explanation to the public was that on the way back to Tian Yuan Academy, Yun Chujiu suddenly suffered from a bad illness and died instantly. She was merely a young lady who had yet to be married. No one from the other families would investigate the true cause of her death.

Some of the clans that were close to her had already arrived at the ye residence to pay their respects. The relationships between the various large clans were deeply intertwined. Moreover, the Ye clan was considered to be one of the top tier clans. Hence, the other clans naturally would not neglect them.

Yun Chujiu's corpse was nowhere to be found. Liu Shi simply placed an empty coffin in the spirit shed. She was very pleased in her heart.

Although this Yun Chujiu was detestable, it had to be said that her death had really fulfilled her wish. The people who came and went were all influential figures from various clans. The male guests were greeted by Ye Yuanliang and the others, so she was naturally the one to greet the female guests, this was a good opportunity to build a closer relationship.

Ye Bingying followed behind Liu Shi with a mournful expression on her face. She was constantly praised by the various madams. Her appearance, character, and aptitude were all praises. In short, some madams even revealed the intention of marrying.

“Next year will be the year when the Hunyuan sect opens to recruit disciples. Bingying has to apply for the exam. To be honest, as her mother, I really can't bear to part with her, but I can't let her future be delayed just because I can't bear to part with her.” Liu Shi sighed and said.

Liu Shi's words naturally caused all the madams to praise Ye Bingying again. If it weren't for the funeral at home, Liu Shi and her mother would probably be overjoyed.

This kind of public display naturally had nothing to do with Min Shi and Ye Bingyu. The two of them were just decorations in the spirit shed.

Ye Bingyu's eyes were red. She was really a little sad when she saw the coffin. Although she wished she could kill Yun Chujiu in the past, she felt very sad in her heart now.

Min Shi also didn't feel too good. She was different from ye Bingyu. The reason why she felt sad was because Yun Chujiu was dead. Who would help the second branch break the deadlock in the future? It was not easy for a troublemaker to come, but he actually died just like that. Could this be the will of heaven?

After Yun chujiu, who was already "Dead", entered ye city, she discovered that there seemed to be a lot of people walking towards the ye family. She could not help but be puzzled. Could these people all be going to the Ye Family?

Yun chujiu wandered to the front door of the Ye residence. From Afar, she could see the servants coming in and out of the ye residence wearing mourning clothes. The front door of the Ye residence was also covered in white, and the faint sound of suona playing mournful music could be heard.

Yun Chujiu was stunned at first, then she clutched her stomach and squatted on the ground. This fellow almost laughed out loud!

Damn!

Could it be that the ye family was holding her funeral? !

This fellow rubbed his chin and thought about it. However, it was also true. If an ordinary person fell into the volcano, they would naturally have a slim chance of survival. No wonder the Ye family thought that she was already dead.

From the looks of it, there were quite a number of people coming. TSK TSK, I didn't expect her funeral to be so grand!

This fellow took a few steps forward, wanting to return to the ye residence. After some thought, she stopped in her tracks.

This funeral was a good opportunity to see everyone's true colors. Moreover, her sudden appearance might catch the ye family off guard. It was better to sneak in first and act according to the circumstances.
