

The Yun Family's Ninth Child is an Imp! Chapter 2324

After making up her mind, she hid in a quiet corner and took out a disguise pill. She carefully cut off a small piece and stuffed it into her mouth.

This disguise pill could change her appearance for ten days. She only took one-tenth of it, which meant that she could change her appearance for a day.

She found another inn and changed into a set of moon-white clothes. Then, she went outside the Ye residence and followed a group of mourners into the ye residence.

Normally, Yun Chujiu would not be able to sneak in. However, it was an emergency period now. This guy was also a good actor. He did not look guilty at all. The guards of the Ye residence all thought that she was a maid of some lady, therefore, they did not interrogate her.

It was even easier when she entered the ye residence. There were a lot of people coming and going. The Li family thought that she was a maid of the Zhang family, while the Zhang family thought that she was a maid of the Wang family. Therefore, Yun Chujiu was not worried that her identity would be exposed.

Yun chujiu followed everyone to the spirit shed. When she saw the coffin that was parked there, the corners of her eyes could not help but Twitch. She was probably the only one who would attend her funeral!

Yun chujiu saw that ye Bingyu's eyes were red. She thought to herself, 'at least this idiot has a conscience. I should not bully her a few times in the future.'

Just as Yun Chujiu was secretly thinking about it., she heard a madam and Liu Shi talking in a low voice, "Madam Liu, as far as I know, isn't there only one young lady in the Ye family's second branch? What happened to the third young lady of the Ye family who passed away this time?"

When the lady asked this question, the other ladies also gathered around. They were obviously very curious as well. Originally, great-grandfather ye wanted to find an opportunity to formally introduce Yun Chujiu to everyone. Who would have thought that she would "Die" just like that? Therefore, many people were very curious about the deceased third lady of the Ye family.

"This, to tell you the truth, the one who passed away this time was sister Lan's daughter. Previously, she had been living in a low-level continent. Not long ago, she was brought to the western continent by the Mo family. Recently, she was brought to the eastern continent.

"My great-grandfather pitied her for losing her mother at such a young age. Moreover, she was living a difficult life, so a few days ago, he registered her under the second son's name. Who would have thought that she died yesterday?" Liu Shi pretended to wipe away her non-existent tears.

Yun Chujiu's eyes deepened. This Liu Shi really hated her to the bone. She was already "Dead" now, yet she still wanted to bully her.

There was no need for Liu Shi to go into such detail. Moreover, what did she mean by living a difficult life? This was clearly mocking her, wanting everyone to look down on her.

Sure enough, after Liu Shi finished speaking, some madams started discussing in low voices:

“So it’s Ye Lan’s daughter. TSK TSK, this mother and daughter’s lives are really tough. They actually passed away so early.”

“They’ve been living in low-level continents all this time. No wonder they contracted a sudden illness at such a young age. This low-level continent just can’t do it.”

“Back then, Ye Lan was expelled from the Ye family. I heard that she married into a small family in the western continent. I reckon that her daughter’s aptitude isn’t that great either. That’s why her physical fitness is so poor.”

..

Other than disdain, there was also a hint of schadenfreude in the tone of the people who spoke. They were all around Ye Lan’s age. Back then, Ye Lan was exceptionally talented and devastatingly beautiful, making them appear incomparably mediocre.

Now, not only did ye Lan die, but her daughter also did not have a good ending. It was really venting her anger.

Liu Shi heard the discussions of the crowd, but she only smiled and did not say anything. She had always been good at putting on a facade, so naturally, she would not let others talk about her.
