

The Yun Family's Ninth Child is an Imp! Chapter 2330

"Sister Bingyu, don't worry. They will be as miserable as they are now." Yun chujia curled her lips. There was plenty of time in the future, and this was just the beginning.

Ye Bingyu agreed. She was looking forward to what would happen the next morning.

After a while, the guards returned. Ye Bingyu knelt beside the coffin and whispered to Yun Chujia. The spiritual tent was very big, so the guards outside couldn't hear her.

Even if they were discovered and said that she was crying, no one would suspect anything.

After a while, the Min Shi didn't come over either. Ye Bingyu couldn't help but feel a little puzzled. "Little Jiu, why do you think my mother hasn't Come Over Yet?"

"I guess that old venomous woman from the Ge Shi probably wants to torment second aunt and you. She might be faking an illness or something like that. If second aunt goes to treat her illness, you can only guard the spirit alone. This way, not only can she scare you, but she can also make second aunt feel uncomfortable. How Sinister." Yun chujia curled her lips and said.

"It can't be, right? Will she cause trouble at this time?" Ye Bingyu didn't quite believe it.

“If you don’t believe it, just send a voice transmission talisman to your mother and ask.” Yun Chujiu felt that she was most likely right. Otherwise, the Min Shi loved Ye Bingyu so much that she wouldn’t not come back for so long.

When Ye Bingyu heard this, she sent a voice transmission talisman to the Min Shi. After a while, she received a reply from the Min Shi, the Min Shi’s voice was very anxious and helpless. “Bingyu, your grandmother said that she had a headache and insisted that I stay here to treat her illness. Hold on for a while. When she falls asleep, your mother will go over and replace you.”

Ye Bingyu was so angry that she gritted her teeth. “Little Jiu, it’s just as you said. That Old and evil woman from the Ge Shi is simply Inhuman! How do I reply to My Mother?”

Yun chujiu thought for a moment and said, “You tell your mother that you’ve grown up and can help her share some things so that she doesn’t have to worry about you.”

Ye bingyu said somewhat bashfully, “Aren’t these words of yours too, too mushy? ! I Can’t say it out loud.”

“Bah! What’s there to be mushy about? ! If you don’t say it out loud, your mother has always treated you as a child. You Don’t want your mother to be tortured by the old witch while worrying about you, right? Then you just follow what I’ve taught you.”

Ye Bingyu clenched her fists. Her face was slightly red as she followed Yun Chujiu’s instructions and told Min Shi.

At this moment, in Ge Shi's bedroom, Ge Shi was lying on the bed with her eyes closed to rest. Min Shi was standing at the side with her hands hanging down. Her expression was very anxious.

Ge Shi opened her eyes and glanced at her. She said in a strange tone, "Why? Are you very unwilling to let you serve an old woman like me?"

"Mother, my daughter-in-law doesn't dare. My daughter-in-law is just a little worried about Bing Yu. She is alone in the spirit shed on night duty. My Daughter-in-law is afraid that she will be afraid," answered Min Shi gently.

"HMPH! She is already a nineteen-year-old girl! What is there to be afraid of? ! You have to guard here tonight. Otherwise, tomorrow, I will say in front of everyone that your daughter isn't strict and will stop you from being filial to me," said Ge Shi coldly.

Min Shi's hands were tightly clenched into fists. She wished that she could go forward and strangle this old woman to death. However, filial piety was more important than the heavens. She did not dare to. If she disobeyed Ge Shi, Ge Shi would definitely force ye Zhiyong to divorce her.

Ge Shi glanced at Min Shi's frowning face and felt very relieved in her heart. Slut! A few days ago, she actually teamed up with that Little Slut Yun chujiu to watch her make a fool of herself. You will suffer in the future.

Just then, Min Shi noticed that the sound transmission talisman started to tremble. She sent her divine sense in, ye Bingyu's voice came from inside. "Mother, you don't have to worry about me. I have already grown up. I can do it alone. You must believe me."
