

The Yun Family's Ninth Child is an Imp! Chapter 2337

When everyone heard Yun Chujiu's words, they immediately made guesses. "Yun chujiu must have woken up after hearing ye Bingyu's shout. The explosion later was probably the old man's voice that we heard."

"Also, her performance now is completely different from before. Maybe she just received the Heaven's gift, which is why her bearing is so noble and elegant."

"Yes, what you said makes sense. Her spiritual power has increased by two levels! She is indeed the favored child of Tian Dao, a person with great fortune."

..

Sometimes, it was more effective to say half-words or vague words, because people's imagination was very strong. Very soon, most people looked at Yun chujiu with burning eyes.

What did the favored child of Tian Dao Mean?

It meant that this little girl would have a lot of opportunities. It meant that this little girl's future was limitless.

Therefore, some madams immediately surrounded Yun chujiu. Some praised her beauty, some praised her cleverness, some praised her filial piety. In short, they were all flattering words.

Yun chujiu was a long-sleeved good dancer. She was best at dealing with people. Her small mouth was as sweet as honey. Instantly, everyone was overjoyed. They felt that this little girl in front of them was more likable.

Ye Bingying was so angry that she gritted her teeth. She wished that she could immediately rush forward and tell the truth. This Yun Chujiu was a liar! She was not seriously ill at all. She had fallen into a volcano!

However, even though she had been blinded by jealousy, she did not dare to really say it. If she did, Old Master Ye would not let her off.

The expressions of Ge Shi and Liu Shi were also very ugly. Yun Chujiu's current performance was equivalent to giving them a hard slap in the face. Especially when Ge Shi had just said that Yun Chujiu was a good-for-nothing. In the end, she had become the favored child of Tian Dao.

Min Shi was both happy and worried. She was naturally happy that Yun Chujiu did not die. Their second branch had a powerful helper.

She was worried that Yun chujiu's "Resurrection" this time was most likely done with Ye Bingyu's help. Ge Shi and Liu Shi would definitely take revenge on their second branch.

Old Master Ye stroked his beard. Although he was angry that he had been deceived, he had to admit that this little girl was really good!

After performing this “Resurrection from the dead”, she completed a perfect appearance. In the future, when the people of the eastern continent mentioned Yun Chujiu, the first person they would think of would definitely be Tian Dao’s favorite, the Heavenly Thunder Spirit was originally her disadvantage, but now it had become her advantage.

The funeral definitely could not continue, but the banquet still had to be eaten. Everyone drank heartily, and it was very lively.

A certain jiu, who was supposed to be dead, shuttled through the crowd like a small fish. Everywhere she went, there would be cheers and laughter.

Ye Bingyu, who was pulled by her side, almost had a stiff smile on her face. However, she knew that Yun Chujiu had good intentions. This was a good opportunity to show her face.

Everyone’s impression of ye Bingyu was also very good. She was a girl who valued friendship and loyalty. Moreover, she was a legitimate daughter-in-law of the Ye Manor. This was a good candidate for a future daughter-in-law.

Min Shi saw all of this and made a decision in her heart. She decided to accept the method Yun Chujiu told her to break out of this situation. Regardless of whether Yun Chujiu's spiritual power was strong or not, with this intelligence, she would definitely become a heaven's chosen in the Immortal Yuan continent. Birds would fly far away with Phoenixes and Phoenixes. It would definitely not be wrong for Bing Yu to follow her.

Some were happy, while others were angry. Ge Shi and the others forced themselves to exchange pleasantries with the crowd and even went against their hearts to agree with the words of Yun Chujiu and Ye Bingyu. They were so aggrieved that they wanted to vomit blood.
