

The Yun Family's Ninth Child is an Imp! Chapter 2338

After three drinks and five dishes, everyone stood up and took their leave.

Great-grandfather ye glanced at Yun Chujiu. This fellow followed great-grandfather ye into his study.

Great-grandfather ye slapped the desk. "Little Jiu, how dare you!"

Yun chujiu bared her white teeth. "Thank you, great-grandfather, for your praise. Actually, I'm very timid. You Don't know that when I fell down, I thought I was dead for sure! Sob, sob, I thought at that time, I haven't been properly filial to you yet, and I'm actually going to die. I really can't die in peace!"

"Stop talking nonsense. Tell me what exactly happened." When Old Master Ye heard the first half of the sentence, he was so angry that he glared at her. However, when he heard the last half of the sentence, the anger in his heart immediately disappeared.

Yun chujiu immediately explained the story that she had prepared. In order to prove that what she said was true, she even went to the courtyard and took out the three-eyed purple-tailed iron-clawed eagle.

"Great-grandfather, look, I'm not lying to you, right? ! I heard that the skin of this thing is a good material for making boots. I'll give you a pair of gifts when the time comes." Fortunately, the three-eyed purple-tailed iron-clawed eagle was big enough. Otherwise, it would not be enough for this product to send gifts.

Great-grandfather ye took a closer look. There were indeed many wounds on the three-eyed purple-tailed Iron Claw Eagle's body, and most of them were burn marks. They were consistent with the fire eating Xiu that Yun chujiu had mentioned.

Although great-grandfather ye still had some doubts in his heart, he had already believed eighty percent of it. He sighed in his heart. This little girl was really blessed. Not only did she not die when she fell into the volcano, she even got a great bargain.

"Then why did you hide in the coffin and play tricks? Did you teach the ice feather girl what she said? Don't you know that Ge Shi and Bingying made a fool of themselves, and Our Ye family also lost face?" Old Master Ye asked with a frown.

"Great-grandfather, I was forced to do this! You already told the public that I died of a sudden illness. If I suddenly jumped in, wouldn't it make your face look bad?"

As for what sister Bingyu said, I was indeed the one who asked her to say it. However, I wasn't the one who asked grandmother Ge and sister Bingying to slander me. They can only blame themselves for not being able to keep their cool.

Great-grandfather, not only should you not blame me, you should also thank me! Sister Bingying is proud and arrogant, so she should be hit a little, otherwise, I'm afraid there won't be any big developments." Yun Chujiu said with a smile. She knew in her heart that she was now the ye family's movable sign. Old Master Ye wouldn't really punish her severely.

“HMPH! Glib tongue! Don’t think that I don’t know about your little schemes. Ge Shi and Bingying were indeed a little stupid, but if it wasn’t for you setting a trap, they wouldn’t have embarrassed themselves. Seeing that you were frightened, I’ll let it go this time. If there’s a next time, I won’t let you off lightly. Do You Hear Me?”

“Yes! Great-grandfather, don’t worry. There definitely won’t be a next time!” Yun chujiu thought to herself. HMPH, if Ge Shi provoked her again, it wouldn’t be as simple as letting them embarrass themselves.

Old Master Ye asked for some more details before letting Yun chujiu go.

The next morning, Yun Chujiu and the others sat on the flying spirit tool again and returned to the academy. Housekeeper Fu was supposed to escort them. However, housekeeper fu suddenly vomited and had diarrhea, so ye Yuanliang had no choice but to let deputy housekeeper Liu escort them.

The flying spirit tool once again flew to the place where Yun Chujiu fell. Yun chujiu looked out of the observation window and thought to herself, that fire eating Xiu is probably still cursing me.

Just as Yun Chujiu’s thoughts were running wild, she felt the flying spirit tool tremble violently.
