

The Yun Family's Ninth Child is an Imp! Chapter 2341

Ye Wenhong recalled what Yun Chujiu had said to him before. "Cousin Wenhong, I'm guessing that there will be people rushing out from the jungle in a while. Moreover, as long as you give me your names, I'll let you go."

"Sigh, it's not that I'm being petty. Those people are most likely grandmother Ge or aunt Ge's people."

"Cousin Wenhong, don't be anxious with me first. When the time comes, you'll cooperate obediently and let me kidnap you. You'll be able to understand."

..

Although ye Wenhong knew that Ge Shi and Liu Shi usually acted in a petty manner, he never dreamed that they would want to kill Yun Chujiu. There was no need to look for any evidence. The performance of these people was enough to prove that the person behind them was either Ge Shi or Liu Shi.

Ye Wenhong sighed in his heart. Regardless of whether it was his grandmother or his mother who did this, they were really muddle-headed. Fortunately, Little Jiu was vigilant. Otherwise, if he really killed her, his great-grandfather probably wouldn't spare them.

"Cousin Wenhong, now is not the time for you to sleep. Tell them to leave! If they all leave, I won't mention anything about today's matter to anyone else. If they persist in not coming to their senses, then don't blame my cousin for being ruthless," Yun Chujiu said coldly.

“All of you, leave! Regardless of whether it was grandmother or mother who instructed you, I will give them an explanation,” ye Wenhong said dejectedly.

For a moment, the masked man and deputy butler Liu were at a loss. They had thought of many possibilities, such as Yun Chujiu being unwilling to let the flying spirit tool land, or she was struggling with all her might., but even in their dreams, they had never thought that it would actually be such an awkward situation.

The guards of the Ye residence had now come back to their senses. In their hearts, they hated deputy butler Liu to death. Damn it, so it was all his doing. If they were to succeed., the guards would not be spared from punishment after they returned to the residence. Moreover, these people might even kill them to silence them.

Just as the guards of the Ye residence were fuming with anger, they heard Yun chujiu say, “I know you are innocent. Protect us well. I will protect your lives.”

The guards were still uncertain. Hearing Yun Chujiu’s words, they immediately grabbed their life-saving straw and eagerly protected Yun chujiu and the other two.

With the protection of these guards, it was basically impossible for the masked men to save ye Wenhong. Yun chujiu asked ye Bingyu to summon her flying spirit tool. Under the cover of the guards of the Ye residence, the group boarded the Flying Spirit Tool and left.

Deputy Butler Liu, who remained in the same place, was both angry and afraid. He cursed, "Damn it, why aren't you releasing me? ! The old madam won't forgive us for failing the task."

The masked man said in a bad mood, "You still have the face to blame me? ! Since you know that that stinky girl has a lot of bad water, why don't you isolate the eldest young master ? ! The eldest young master is the same. He was actually kidnapped so easily. He's really, really unlucky!"

While the dogs were biting each other, Yun Chujiu had already released ye Wenhong from the Flying Spirit Tool. She said with a smile, "Cousin Wenhong, I'm really sorry about what happened just now! You Won't blame me, right?"

Ye Wenhong smiled bitterly. Although his talent was not as good as ye Bingying's, he had been raised as the heir of the Ye family since he was young, so he could see through many things very clearly.

"Little Sister Jiu is extremely intelligent. Grandmother and mother are absolutely not your match. I only have one request. If one day they fall into your hands, can you spare their lives?"

“Cousin Wenhong, your words are so meaningless. I’m not a big devil. Why would I kill grandmother Ge and aunt for no reason? “Instead of making a promise to me, you might as well persuade them not to kill me anymore. I’m so timid, but I’m very afraid,”Yun Chujiu said with a faint smile.
