

## The Yun Family's Ninth Child is an Imp! Chapter 2348

When the students of the Star class heard the news, they all looked at Yun Chujiu and the other two at the same time.

Yun chujiu turned her head and glanced at the crowd. Those people immediately lowered their heads or looked away like mice seeing a cat.

However, they all had a thought in their hearts. Yun Chujiu, the three black sheep, was finally going to be disqualified. It was really a good thing for everyone!

Teacher Dong clearly thought the same, he raised his voice and said, "Some students shouldn't think that they have special privileges just because their family background is superior to others. If they are ranked in the bottom 30 in this test, even a person from a first-class family will be expelled."

Yun chujiu sneered in her heart. He was talking about her! She was the only person from a first-class family in Xingtian Academy. It seemed that this teacher Dong was not that snobbish! Of course, perhaps his snobbish eyes were different from ordinary people. They were not targeted at wealth and family background, but at the level of spiritual power.

"Teacher Dong, what are the contents of our test this time?" A student asked.

"I don't know either. The contents of every test in the Academy are kept confidential to prevent you from making preparations in advance," teacher Dong replied.

Yun chujju cursed silently in her heart. It was quite mysterious. This fellow had a little bit of anticipation in his heart. This time, she would let these scumbags see that she was not only a top student in the academy, but also a top student!

The next day, the first-year students gathered at the Divine Axe Plaza. They were both nervous and expectant as they waited for Dean Gongsun to announce the contents of the test.

“You all probably know that our Heaven Punisher Academy got its name because of the Heaven Punisher divine axe. Your test this time is related to the Heaven Punisher divine axe. The Heaven Punisher Divine Axe is a divine weapon, and divine weapons aren’t refined by cultivators. They are born and bred.

“You are going to the birthplace of the Heaven Punisher Divine Axe, the Heaven Pit of the divine axe. Your task is to collect the outer shell fragments that were removed when the divine axe was first born. “The number of outer shell fragments you collect is your result. Three people will form a group, and the last ten groups will be expelled from the academy. The test period is ten days.”

Dean Gongsun added a few more rules. It was nothing more than a ban on using talismans, prohibiting flying, and forbidding snatching. If they were in danger, they would be able to activate the jade tokens that were given to them later.

Yun chujju muttered in her heart. So it turned out that the Heaven Punisher Divine Axe was like a demonic beast, jumping out of an egg? She didn’t know if the Heaven Punisher Divine Axe was in the Heaven Punisher Academy. It would be great if she had the chance to obtain it.

Just as Yun Chujiu's thoughts were running wild, she saw Dean Gongsun and a few vice-deans surrounding the statue of the Heaven Punisher Divine Axe and forming a formation.

At the same time, a teacher gave them jade tokens to use when they were in danger.

Yun Chujiu looked at the jade token that was given to them and saw that it said 105. This was probably their group number.

Yun Chujiu had suffered a loss from this jade plate before, so she threw this jade plate to the teacher and changed it to a jade plate with number 106 instead! The teacher dared to be angry but did not dare to say anything. He thought to himself, this Yun Chujiu is really crazy. Could it be that 106 is more pleasing to the eye? !

The teacher had no choice but to re-register and then handed out the jade plate with a gloomy face.

When one of the people saw this scene, his eyes could not help but shrink. This damned girl was too shrewd. She actually switched out the jade token.

HMPH! However, what she did not know was that the jade token was not tampered with. What was tampered with was a teleportation array. At that time, even if the jade token in her hand was good and the corresponding teleportation array was not activated, they would still die.

At this time, the godly axe statue actually moved away slowly. There was a white light on the spot. It seemed to be a teleportation array.

The students walked into the teleportation array according to their class. Yun Chujiu and the other two also walked in.
