

The Yun Family's Ninth Child is an Imp! Chapter 2354

"Maybe they're afraid of pain. I'll give it a try!"

Jin Zhi took out a needle and stabbed Mo fangbing's arm. Jin Zhi would never admit that she did it on purpose.

She simply hated this Mo fangbing to death!

If it wasn't for Little Jiu, would she have been able to enter Xingtian Academy?

Little Jiu was even prepared to let mo fangbing move into her courtyard. In the end, the other party actually took the initiative to draw a line between them.

What was more hateful was that when Zhu Jingtie and little jiu were arguing, she actually hit them while they were down. What an ingrate!

She probably knew that little jiu had been adopted to the ye family as the daughter of the first wife, and her intestines were turning green with regret. She deserved it!

Jin Zhi fiercely stabbed her a few times, but Mo Fangbing was still in a daze. She couldn't even feel the pain.

Just as Yun Chujiu and the other two were frowning, the sound of walking could be heard from the tunnel.

The three of them were shocked. It was over! Xue Mo must have returned!

What should they do?

Yun Chujiu rolled her eyes. The three of them dragged Mo Fangbing to the innermost part of the stone chamber. Then, they pushed the others to the front to cover up the water stains on the ground. The three of them lowered their heads and pretended to be as stunned as the others.

Xue Mo walked into the stone chamber and threw Zhu Jingtie on the ground. "Strange. I clearly felt that someone touched the array. How could there be no one?"

Zhu Jingtie knelt down and crawled a few steps. "Master Xue Mo, it might be Yun Chujiu and the other two. They must be nearby, you can catch them soon."

“HMM, what you said makes sense! But I’m hungry, I’ll drink some blood first, then I’ll go out to look for them.”

Xue Mo waved his hand as he spoke, and a student flew to his side. He grabbed him and bit down on the student’s neck.

A moment later, the student was thrown back into the stone room and another student was grabbed by Xue Mo to suck his blood..

After a total of ten students, Xue Mo used his tongue to lick the blood on the side of his mouth. “Jie Jie, if I didn’t want to drink for a longer period of time, I would have sucked them dry!”

Zhu Jingtie was already trembling, xue Mo kicked him and said, “Useless thing! If you want to become the leader of the blood slaves, you have to drink blood too! You, go and get someone. Drink a few mouthfuls of his blood, or I will kill you!”

Zhu Jingtie stood up and walked to the door of a stone room. However, he realized that all the students were from the day class, so he couldn’t bring himself to do it. Therefore, he turned around and walked towards the stone room of the Star class.

Yun Chujiu’s heart was like a beeping dog!

This damn Zhu Jingtie! There were a total of ten stone rooms here. Which one of them was bad, why did he have to choose this stone room?

Zhu Jingtie walked to the door of the stone room where Yun Chujiu and the others were. He trembled and grabbed a student. He tried a few times, but he still couldn't make a move.

Xue Mo was impatient!

"Useless thing! If you still don't make a move, I'll suck you dry first!"

Zhu jingtie gritted his teeth and took out a dagger. "I was forced to. I'll only drink a few mouthfuls of your blood. It Won't kill you! Don't blame me!"

As Zhu Jingtie spoke, he held the dagger in his hand and was about to cut the student's neck, but he suddenly stopped, he shouted excitedly, "Master Xue Mo! Master Xue Mo! Something is wrong here! There is water on the ground! It Must Be Yun Chujiu and the other two."

Yun chujiu gritted her teeth in anger. If Xue Mo found them later, she would not do anything else but kill Zhu Jingtie First!
