

The Yun Family's Ninth Child is an Imp! Chapter 2355

Yun Chujiu and the other two girls' hearts were in their throats. They hated Zhu Jingtie to death in their hearts. It was over. Xue Mo would definitely find out something was wrong after he shouted.

"Jie Jie, you idiot! It was just that little weakling who peed his pants! Didn't you see that his crotch was wet? Humans are indeed useless ants! Stop Dawdling! Suck it quickly, or I'll suck you dry," Xue Mo said disdainfully.

Yun chujiu..

Xue Wuji..

Jin Zhi..

Zhu Jingtie didn't dare to Dawdle any longer. He picked up a dagger and cut a wound on the student's neck. After sucking two mouthfuls of blood, he squatted by the side and began to retch.

Xue Mo waved his sleeve, and Zhu Jingtie was immediately sent flying. "Trash!"

Zhu Jingtie quickly got up and said submissively, “Sir Xue Mo, I’m... I’m just not used to it. I Won’t do it again in the future.”

“Useless thing, why aren’t you leading the way? When I think of the blood of that Heavenly Thunder Spirit Root, I can’t stop my saliva!”Xue Mo said with a strange laugh.

Zhu Jingtie staggered into the tunnel with Xue Mo. Just as Jin Zhi was about to move, Yun Chujiu held her hand.

Sure enough, Xue Mo returned. He glanced around the stone hall and saw that there was nothing unusual. Then, he turned around and returned to the tunnel.

After another 15 minutes, Yun chujiu saw that there was nothing unusual. Then, she signaled that Jin Zhi could speak.

“Little Jiu, these people are like idiots. What should we do next?”

Yun chujiu frowned. “I don’t know if these people were poisoned or what, but they didn’t have any reaction even after their blood was sucked. “We must find a way to make them return to normal. Otherwise, the three of us won’t be able to deal with that Xue Mo..”

Yun Chujiu took out a clear heart pill and fed it to Mo fangbing. She was pleasantly surprised to find that Mo Fangbing's eyes moved a little. It seemed that the clear heart pill was useful, but its effect was not strong enough.

Yun chujiu simply fed a bottle of clear heart pills to Mo fangbing. Only then did mo fangbing completely return to normal, seeing Yun Chujiu and the other two, it was as if they had seen a life-saving straw. "Fangcao, let's run away quickly! That thing is too terrifying! If it comes back, it will kill us!"

Yun chujiu glanced at her. "Do you think we can escape? The jade token can't be activated now. I reckon we can only leave after we kill that Xue Mo.."

Mo fangbing's face was pale. "That thing is not human at all! It spat out a red mist at us, and we couldn't help ourselves! I knew everything with my spiritual sense just now, but my body didn't listen to me at all. How could we kill it?"

"If it's not us, aren't there still 600 people here? Stop Wasting Time! "Take out the pills in your storage ring that can clear your mind and feed it to them. Hurry Up!"Yun Chujiu said as she continued to take the pills to save the others.

Mo Fangbing did not dare to say anything more and quickly followed her instructions.

The students who were woken up followed suit and started to save the other students.

Yun chujia asked while saving the students, "How did you all get caught by that Xue Mo?"

Mo fangbing told them what had happened. These students were attracted by the fragments of the Heaven Punisher Axe. They found the fragments near the cave and were driven into the tunnel by greed, when they reached the tunnel, they were subdued by Xue Mo in batches.

"How did Zhu Jingtie escape?" Yun chujia asked in confusion.
